The Masters and the Path Charles W. Leadbeater, 2017-03-23 There is only one reason why I should write this Foreword to the book written by my honoured colleague It speaks of many things which have hitherto been studied and discussed within a comparatively small circle consisting of students well versed in Theosophical knowledge and ready to study statements concerning regions which they could not yet enter for themselves but hoped to enter later and then to verify for themselves the statements made by their seniors The rapid changes in the world of thought arising from the nearness of the Coming of the World Teacher render useful some information as to a part of the world in which He lives information which may perhaps to some extent prepare the public mind for His teachings Be that as it may I desire to associate myself with the statements made in this book for the accuracy of nearly all of which I can personally vouch and also to say on behalf of my colleague as well of myself that the book is issued as a record of observations carefully made and carefully recorded but not claiming any authority nor making any demand for acceptance It makes no claim to inspiration but is only an honest account of things seen by the writer ANNIE BESANT The Canadian Municipal Journal Arthur L. Willson, 1892
