## **Mastery And Slavery In Victorian Writing:**

**Mastery and Slavery in Victorian Writing** J. Taylor,2002-12-17 Taking Hegel's famous Master Slave Dialectic as its starting point this wide ranging book examines portrayals of masters slaves and servants in works by Carlyle Dickens Eliot Collins and others The questions raised about modern mastery and slavery are pursued in relation to intriguing nineteenth century figures as the American slave holder the musician the demagogue and the Jew     **George Du Maurier:**

**Illustrator, Author, Critic** Simon Cooke,Paul Goldman,2017-05-15 Though well known as the author of *Trilby* and the creator of *Svengali* the writer artist George Du Maurier had many other accomplishments that are less familiar to modern audiences This collection traces Du Maurier's role as a participant in the wider cultural life of his time restoring him to his proper status as a major Victorian figure Divided into sections the volume considers Du Maurier as an artist illustrator and novelist who helped to form some of the key ideas of his time The contributors place his life and work in the context of his treatment of Judaism and Jewishness his fascination with urbanization Victorian science technology and clairvoyance his friendships and influences and his impact on notions of consumerism and taste As an illustrator Du Maurier collaborated with Thomas Hardy Elizabeth Gaskell and sensational writers such as M E Braddon and the author of *The Notting Hill Mystery* These partnerships along with his reflections on the art of illustration are considered in detail Impossible to categorize Du Maurier was an Anglo Frenchman with cultural linkages in France England and America a social commentator with an interest in *The New Woman* a *Punch* humourist and a friend of Henry James with whom he shared a particular interest in the writing of domesticity and domestic settings Closing with a consideration of Du Maurier's after life notably the treatment of his work in film this collection highlights his diverse achievements and makes a case for his enduring significance

**Laughter, Literature, Violence, 1840-1930** Jonathan Taylor,2019-02-04 Laughter Literature Violence 1840 1930 investigates the strange complex even paradoxical relationship between laughter on the one hand and violence war horror death on the other It does so in relation to philosophy politics and key nineteenth and twentieth century literary texts by Edgar Allan Poe Edmund Gosse Wyndham Lewis and Katherine Mansfield texts which explore the far reaches of Schadenfreude and so called superiority theories of laughter pushing these theories to breaking point In these literary texts the violent superiority often ascribed to laughter is seen as radically unstable co existing with its opposite an anarchic sense of equality Laughter humour and comedy are slippery duplicitous ambivalent self contradictory hybrids fusing apparently discordant elements Now and then though literary and philosophical texts also dream of a different kind of laughter one which reaches beyond its alloys a transcendent perfect laughter which exists only in and for itself     *Fictions of Autonomy* Andrew Goldstone,2013-01-10 No aspect of modernist literature has attracted more passionate defenses or more furious denunciations than its affinity for the idea of autonomy A belief in art as a law unto itself is central to the work of many writers from the late nineteenth century to the present But is this belief just a way of denying art's social contexts its roots in

the lives of its creators its political and ethical obligations Fictions of Autonomy argues that the concept of autonomy is on the contrary essential for understanding modernism historically Disputing the prevailing skepticism about autonomy Andrew Goldstone shows that the pursuit of relative independence within society is modernism s distinctive way of relating to its contexts Modernist autonomy is grounded in connections to servants and audiences aging bodies and wardrobe choices it joins T S Eliot to Adorno as exponents of late style and Djuna Barnes to Joyce as anti communal cosmopolitans Autonomy reveals new affinities across an expansive modernist field from Henry James and Proust to Stevens and de Man Drawing on Bourdieu s sociology formalist reading and historical contextualization this book shows autonomy s range and its limitations as a modernist mode of social practice Nothing less than an argument for a wholesale revision of the assumptions of modernist studies Fictions of Autonomy is also an intervention in literary theory This book shows why anyone interested in literary history the sociology of culture and aesthetics needs to take account of the social stylistic and political significance of the problem and the potential of autonomy

Victorian Literature and the Physics of the Imponderable Sarah C Alexander,2015-10-06 The Victorians were obsessed with the empirical but were frequently frustrated by the sizeable gaps in their understanding of the world around them This study examines how literature and popular culture adopted the emerging language of physics to explain the unknown or imponderable

**Science and Omniscience in Nineteenth Century Literature** Jonathan Taylor,2007 Investigates some of the ways in which Laplacian and indeed Newtonian models of observation and the universe are at once assimilated and complicated by Romantic and Victorian writers such as Carlyle Burke Abbott Poe and Wordsworth This book explains how some of these literary reimaginings look forward to more modern conceptions of science

**Menials** Kristina Booker,2017-11-20 Menials argues that British writers of the long eighteenth century projected their era s economic and social anxieties onto domestic servants Confronting the emergence of controversial principles like self interest emulation and luxury writers from Eliza Haywood Daniel Defoe and Samuel Richardson to Mary Shelley Charles Dickens and William Thackeray used literary servants to critique what they saw as problematic economic and social practices A cultural history of economic ideology as well as a literary history of domestic service Menials traces the role of the domestic servant as a representation of the relationship between the master s ideal self and the cultural forces that threaten it

Heidegger's Bicycle Roger Ebbatson,2006 Unleashes Marx Simmel Benjamin and Heidegger on a range of Victorian texts This book also shows us that what the Germans bring to our understanding of the nineteenth century is a terrible awareness of the darkest moments of the darkest moments of the twentieth century

**Nineteenth-century Literature** ,2003 Figures of Heresy Andrew Dix,Jonathan Taylor,2006 God is dead Nietzsche famously declared in The Gay Science but this book will investigate God s surprising persistence and resurrection in the works of even the most seemingly atheistic of writers who continue to deploy Judaic and Christian narratives and tropes even as they radically rewrite them in the face of new cultural political and scientific imperatives Contributors explore the range

power and implication of Christian and Jewish heresies in canonical Anglo American writers including Edgar Allan Poe Thomas Hardy Robert Louis Stevenson T S Eliot John Steinbeck and Jim Crace as well as in some less familiar texts the Mormon Scriptures of Joseph Smith and various Victorian rewritings of the Book of Esther A polemical essay by Michelene Wandor reflects on conceptions of Jewishness which she finds in need of heretical renewal Valentine Cunningham s provocative introduction argues that the acts of literary writing and reading are necessarily heretical A coda to the book *Between Heresy and Superstition* takes as its motto Thomas Huxley s observation in 1881 that It is the customary fate of new truths to begin as heresies and to end as superstitions Contributions offer readers a rare opportunity of witnessing an extended academic exchange exploring the process by which former heresies may indeed risk ossification as new kinds of doctrinal conformity Bryan Cheyette s critique of the Christian Albums of Bob Dylan is answered by Kevin Mills s essay which uncovers heretical possibility even in this most seemingly orthodox part of Dylan s work The revitalisation of heresy in literary interpretations as well as in our religious thinking forms the guiding objective of this exciting critical book

*Seduction and Death in Muriel Spark's Fiction* Phōteinē Apostolou,2001-07-30 Muriel Spark s works often consider the seductive and destructive power of social structures such as religion and education These structures lure Spark s characters with their promise of power But after entering the structure s domain to exploit the mastery it offers the characters are imprisoned by rules and codes Through a postmodern reading of Spark s works such as *The Comforters* 1957 *The Public Image* 1968 *The Driver s Seat* 1970 *Reality and Dreams* 1996 and *Aiding and Abetting* 2000 this book analyzes the role of certain social structures in her fiction The volume argues that these attractions and destructions are very much like postmodern critical games with structures that are open to any experimentation but at the same time seem fixed and unchanging Within this postmodern context one is free to play games with signs and systems of rules Spark s characters enter these games in a playful mood and test their limits The texts images and spectacles haunt their victims who are unable to escape the process of attraction and destruction The characters are eventually led to their death literal or metaphoric which will inevitably introduce them to a new beginning

*The Black Romantic Revolution* Matt Sandler,2020-09-08 The prophetic poetry of slavery and its abolition During the pitched battle over slavery in the United States Black writers enslaved and free allied themselves with the cause of abolition and used their art to advocate for emancipation and to envision the end of slavery as a world historical moment of possibility These Black writers borrowed from the European tradition of Romanticism lyric poetry prophetic visions to write speak and sing their hopes for what freedom might mean At the same time they voiced anxieties about the expansion of global capital and US imperial power in the aftermath of slavery They also focused on the ramifications of slavery s sexual violence Authors like Frances Ellen Watkins Harper George Moses Horton Albery Allson Whitman and Joshua McCarter Simpson conceived the Civil War as a revolutionary upheaval on par with Europe s stormy Age of Revolutions The Black Romantic Revolution proposes that the Black Romantics cultural

innovations have shaped Black radical culture to this day from the blues and hip hop to Black nationalism and Black feminism Their expressions of love and rage grief and determination dreams and nightmares still echo into our present **Book**
