## **Material Things Dont Matter:**

The Soul of the Person Adrian J. Reimers,2006 The Soul of the Person is a contemporary account of the metaphysical basis for the transcendence of the human person In being directed toward truth beauty and goodness the human person transcends the physical order and reveals himself as a spiritual as well as a material being **Summa Theologica, Volume 1** St Thomas Aquinas,2013-01-01 The Summa Theologica is the best known work of Italian philosopher scholar and Dominican friar SAINT THOMAS AQUINAS 1225 1274 widely considered the Catholic Church s greatest theologian Famously consulted immediately after the Bible on religious questions at the Council of Trent Aquinas s masterpiece has been considered a summary of official Church philosophy ever since Aquinas considers approximately 10 000 questions on Church doctrine covering the roles and nature of God man and Jesus then lays out objections to Church teachings and systematically confronts each using Biblical verses theologians and philosophers to bolster his arguments In Volume I Aquinas addresses the existence and perfection of God the justice and mercy of God predestination the cause of evil the union of body and soul free will and fate and much more This massive work of scholarship spanning five volumes addresses just about every possible query or argument that any believer or atheist could have and remains essential more than seven hundred years after it was written for clergy religious historians and serious students of Catholic thought *Summa Theologica: First Part* St. Thomas Aquinas,2018-02-06 The first volume in this epic and classic undertaking by one of the most notable theologians of the Roman Catholic Church This volume features theological considerations towards such topics as God the Trinity Creation Angels Humanity Good and Evil and other important topics that we often take for granted in our thinking in the church and in worship towards God These topics must be carefully considered if we are to ever have a deep understanding and love of the one true God and his son Jesus Christ **Death to Deathless** Swami Saurabhnath,2014-08-28 This book is about spiritual enlightenment and can be helpful to most of the people who want to reach to any conclusion through logic I have written this book to share with readers my own understanding of life and experience of pure Consciousness In this book you will find critical explanation of different views about Consciousness including modern science I hope this book can be a guide to many people to remain peaceful in difficult situations of life and live life happily Saurabh *Lectures on Philosophy* George Edward Moore,2014-06-23 This is Volume XV in a collection of twenty two on 20th Century Philosophy First published in 1966 as a part of the Muirhead library of Philosophy this work consists of selections from three courses of lectures The first course was given in the academic year 1925 26 the second in 1928 29 and the third in 1933 34 The first two entitled Metaphysics were intended primarily for Part II of the Moral Sciences Tripos the last entitled Elements of Philosophy for Part I The selections from the second course which are the most extensive are printed first The "Summa Theologica Saint Thomas (Aquinas),1922 *Summa Theologiae, Prima Pars: Volume 3, Human Beings and God's Governance of Creation, QQ 75-119* Thomas Aquinas,Thomas de Vio Cajetan,2023-06-23 This book is an introduction to three

questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers
