Math For All Seasons:

Math for All Seasons Harry Briggs, Greg Tang, 2017-03-28 Greg Tang follows up the fun innovative New York Times bestseller GRAPES OF MATH with his second uproariously punny math book this time with a theme of seasons and a focus on groups of fives. Your challenge is to find the sum. Without counting one by one. Why not count? It's much too slow. Adding is the way to go. Make clever groups before you start. Then add them in a way that's smart. MATH FOR ALL SEASONS will challenge every kid and every parent to open their minds and solve problems in new and unexpected ways. By looking for patterns, symmetries and familiar number combinations within eye catching pictures, math will become easier, quicker and more fun than anyone could have imagined.

Math for All Seasons Greg Tang, Harry Briggs, 2005 Presents a collection of rhyming math riddles and includes answers that show readers how to solve math problems by looking for patterns, symmetries and familiar number combinations.
