Self Mastery is the most elusive of all human quests A lifetime is never sufficient for most people Learning to be the best that

you can ever become demands the full faculties of the brain the heart and the spirit This search for the ultimate self begins

with learning to think using both rational analytical and critical mind and the associative creative systemic and integrative

mind It then conjures that other way of knowing without knowing why you know This is learning to intuit Separate but

equally powerful is the emotional mind the one that feels and empathizes Learning to feel brings the self to its sensitive

sensual and stimulating dimension Next learning to do puts into action everything that one thinks intuits and feels This is

followed by the need to transmit and receive messages both trivial and important in learning to communicate Raising the

level of the self to assume greater responsibility and accept personal accountability for other is learning to lead Finally there is full self actualization and total human development in learning to be At this height of personal excellence the five pillars of being and becoming conspire to transform the self towards transcendence These elevating pillars are wonderment a wider world view wisdom walking the way of the spirit and the will to live **The Publishers Weekly**,2002 *Forthcoming Books* Rose Arny,2003-04
