[The Art of War](#) Sun Tzu, 2002-09-17 Conflict is an inevitable part of life according to this ancient Chinese classic of strategy but everything necessary to deal with conflict wisely honorably victoriously is already present within us. Compiled more than two thousand years ago by a mysterious warrior philosopher, *The Art of War* is still perhaps the most prestigious and influential book of strategy in the world as eagerly studied in Asia by modern politicians and executives as it has been by military leaders since ancient times. As a study of the anatomy of organizations in conflict, *The Art of War* applies to competition and conflict in general on every level from the interpersonal to the international. Its aim is invincibility, victory without battle and unassailable strength through understanding the physics, politics and psychology of conflict.
