## Fan Favorite Music Learning:

**The Oxford Handbook of Social Media and Music Learning** Janice L. Waldron, Stephanie Horsley, Kari K. Veblen, 2020-09-23 The rapid pace of technological change over the last decade particularly the rise of social media has deeply affected the ways in which we interact as individuals in groups and among institutions to the point that it is difficult to grasp what it would be like to lose access to this everyday aspect of modern life The Oxford Handbook of Social Media and Music Learning investigates the ways in which social media is now firmly engrained in all aspects of music education providing fascinating insights into the ways in which social media musical participation and musical learning are increasingly entwined In five sections of newly commissioned chapters a refreshing mix of junior and senior scholars tackle questions concerning the potential for formal and informal musical learning in a networked society Beginning with an overview of community identity and the new musical self through social media scholars explore intersections between digital musical and social constructs including the vernacular of born digital performance musical identity and projection and the expanding definition of musical empowerment The fifth section brings this handbook to full practical fruition featuring firsthand accounts of digital musicians students and teachers in the field The Oxford Handbook of Social Media and Music Learning opens up an international discussion of what it means to be a musical community member in an age of technologically mediated relationships that break down the limits of geographical cultural political and economic place

## **Create to Learn**

Renee Hobbs, 2017-09-05 Want to learn something well Make media to advance knowledge and gain new ideas You don t have to be a communication professional to create to learn Today with free and low cost digital tools everyone can compose videos blogs and websites remixes podcasts screencasts infographics animation remixes and more By creating to learn people internalize ideas and express information creatively in ways that may inspire others Create to Learn is a ground breaking book that helps learners create multimedia texts as they develop both critical thinking and communication skills Written by Renee Hobbs one of the foremost experts in media literacy this book introduces a wide range of conceptual principles at the heart of multimedia composition and digital pedagogy Its approach is useful for anyone who sees the profound educational value of creating multimedia projects in an increasingly digital and connected world Students will become skilled multimedia communicators by learning how to gather information generate ideas and develop media projects using contemporary digital tools and platforms Illustrative examples from a variety of student produced multimedia projects along with helpful online materials offer support and boost confidence Create to Learn will help anyone make informed and strategic communication decisions as they create media for any academic personal or professional project

## **Milestones in Music Education**

Clint Randles,2023-12-07 In ten concise chapters Milestones in Music Education introduces the key developments and issues that have shaped the field of music education. Designed for undergraduate students each chapter of the book is written by a different expert bringing together many leading voices in the field. The ten chosen milestones represent breakthroughs in the field of music education that are relevant to today's educators and enable teachers to understand the issues that have shaped the teaching of music over time. Topics covered include the origins of music education as a school subject the impact of changing technology the roles of popular music and notation and racial justice in the music classroom. Featuring action suggestions and discussion questions in each chapter this accessible book provides students with a foundation in the history and context of music education and prepares them to engage with the social and philosophical aspects of teaching music as forward thinking educators. Milestones are a range of accessible textbooks breaking down the need to know moments in the social cultural political and artistic development of foundational subject areas. This book is ideal for undergraduate courses in music education.
