Wladimir Andreff, Stefan Szymanski, 2006 The editors should be commended for taking on such a big task and succeeding so well This book should be in the library of every institution where students have to write a paper that may be related to sport or on the shelf of any lecturer teaching economics or public finance who has even a remote interest in sport The material is very accessible and useful in many different settings Ruud H Koning *Jahrbuch der Nationalökonomie und Statistik* Edward Elgar's brilliant market niche is identifying a topic in economics finding editors who know the area backwards and challenging them to assemble the best cross section of relevant articles either already published or newly commissioned *Handbook on the Economics of Sport* is Edward Elgar at its very best If you love economics you'll find many fascinating insights here if you love sport but know little economics then this book is mostly accessible and will teach you a lot and if you are a sports mad economist then you will be in hog heaven Furthermore if like this reviewer you are broadly very sceptical about the reports consultants produce for governments on the supposed economic windfall from hosting a big event or subsidising a stadium then you will get a lot of good counter arguments in this volume Indeed there are several chapters on the above theme that I'm sure I'll be copying frequently to government officials in years to come The demand for sport is a fascinating subject and it is hard to pick out just one chapter from the second section Read them all they make a wonderful 65 page treat Part VI was a real feast a smorgasbord This is a magnificent piece of work and the 36 page index rounds it all off splendidly John Blundell *Economic Affairs* The book covers the most important areas of research of an emerging economic sub discipline spanning the past half a century It serves admirably the purpose of an introduction into the rich and growing area of reflection for all concerned the editors and authors of the *Handbook* have done a commendable job of accumulating sophisticated material for many economists managers politicians and self conscious fans who are sure to find excellent training ground for the whole
