Marketing Without Money Herman Holtz, 1991-01-01 **Marketing Without Money!** Nicholas E. Bade, 1998

Marketing Without Money Edward De Bono, John C. Lyons, 2004 In this book the authors reveal how twenty

of Australia's finest contemporary entrepreneurs have managed to crack new markets with little or no initial financial backing stealing a march under the very gaze of supremely better resourced and well-trenched opposition. They show how by intuitively applying conceptual creativity these entrepreneurs discover and implement new business product and service concepts which remove them from the competitive rat race and which create a new race in which they can lead. They demonstrate that while most business people are constrained by patterns of thinking to conformity with industry norms and practice highly successful entrepreneurs deliberately challenge such convention doggedly discovering and pioneering new concepts that previously either had not been considered or were regarded as unpromising. page 16 **Tom Patty's**
