Booth, 2014-06-26 Heart pounding danger action packed and dreadfully funny A bored schoolboy daydreaming of aerial dogfights and tank battles What if his dream world became reality What if this impulsive boy caused more damage and destruction than the assassin pursuing him What if his sister was the real hero A book for pre teens and teenagers accident adventure an exciting roller coaster of events infused with an ever present humour It paints strong characters in a believable world Hector Trogg has a powerful story line combined with plot twists incident and humour that will appeal as much to adults as it will to its target audience [The Camden Expedition of 1864 and the Opportunity Lost by the Confederacy to Change the Civil War](#) Michael J.

Forsyth, 2015-08-01 The Confederacy had a great opportunity to turn the Civil War in its favor in 1864 but squandered this chance when it failed to finish off a Union army cornered in Louisiana because of concerns about another Union army coming south from Arkansas The Confederates were so confused that they could not agree on a course of action to contend with both threats thus the Union offensive advancing from Arkansas saved the one in Louisiana and became known to history as the Camden Expedition The Camden Expedition is intriguing because of the might have beens had the key players made different decisions The author contends that if Frederick Steele commander of the Federal VII Army Corps had not received a direct order from General Ulysses S Grant to move south disaster would have befallen not only the Army of the Gulf in Louisiana but the entire Union cause and possibly would have prevented Abraham Lincoln from winning reelection **[Who's Who in America, 1996](#)** Marquis Who's Who, Inc, 1995-09 We make very heavy use of WHO'S WHO IN AMERICA in our library It's used daily to check biographical facts on people of distinction MARIE WATERS HEAD OF COLLECTION DEVELOPMENT UNIVERSITY OF CALIFORNIA AT LOS ANGELES Marquis Who's Who is proud to announce the Golden Anniversary 50th Edition of WHO'S WHO IN AMERICA This the world's preeminent biographical resource keeps pace with a changing America with more than 17 500 new entries each year AND it speeds research with the Geographic Professional Indexes ANNUAL UPDATING enables Marquis Who's Who to bring users more new names to update more existing entries each year Every entry is selected researched to ensure the most current accurate biographical data for Who's Who users The Geographical Professional Indexes makes WHO'S WHO IN AMERICA an even more useful research tool Now users can identify locate prospective partners new clients by profession in any of 38 categories as well as by country state or province or city Essential for quickly finding the entries you need More than 92 000 leaders decision makers innovators from every important field business finance government education science technology the arts more are profiled in this Golden Anniversary 50th Edition Entries include name occupation vital statistics parents marriage children education career civic political activities writings creative works awards professional memberships office address When you need authoritative accurate facts on our nation's leaders go to the preeminent record of American achievement that offers new information EVERY year Marquis WHO'S WHO

IN AMERICA **One Damn Blunder from Beginning to End** Gary D. Joiner,2003 In the spring of 1864 as the armies of Grant and Lee waged a highly scrutinized and celebrated battle for the state of Virginia a no less important but historically obscured engagement was being conducted in the pine barrens of northern Louisiana In a year of stellar triumphs by Union armies across the South the Red River Campaign stands out as a colossal failure General William Tecumseh Sherman s scathing summation describes it best One damn blunder from beginning to end Taking its title from Sherman s blunt description One Damn Blunder from Beginning to End The Red River Campaign of 1864 is a fresh inspection of what was the Civil War s largest operation between the Union Army and Navy west of the Mississippi River In a bold but poorly managed effort to wrest Louisiana and Texas from Confederate control a combined force of 40 000 Union troops and 60 naval vessels traveled up the twisting Red River in an attempt to capture the capital city of Shreveport Gary D Joiner provides not a recycled telling of the campaign but a strategic and tactical overview based on a stunning new array of facts gleaned from recently discovered documents This never before published information reveals that the Confederate army had laid a clever trap by engineering a drop in the water level of the Red River to try to maroon the Union naval flotilla Only the equally amazing ingenuity of the Union troops saved the fleet from certain destruction despite a humiliating defeat at the Battle of Mansfield The Red River campaign had lasting implications One Damn Blunder from Beginning to End magnifies just how devastating the diversion of so many men and so much material to this failed campaign was to the Union effort in the pivotal year of 1864 Because of the Union Army s failures Northern plans to capture Mobile were scrapped Military careers were made and lost And at time when the Confederacy was teetering on the brink of oblivion Southern morale was bolstered Joiner puts together
