MARRIAGE

Marriage For Against

John Erskine

Marriage For Against:

Against Marriage Clare Chambers, 2017 *Against Marriage* argues that marriage violates both equality and liberty and should not be recognized by the state Clare Chambers shows how feminist and liberal principles require creation of a marriage free state one in which private marriages whether religious or secular would have no legal status Part One makes the case against marriage Chambers investigates the critique of marriage that has developed within feminist and liberal theory Feminists have long argued that state recognised marriage is a violation of equality Chambers endorses the feminist view and argues in contrast to recent egalitarian pro marriage movements that same sex marriage is not enough to make marriage equal The egalitarian case against marriage is the most fundamental argument of *Against Marriage* But Chambers also argues that state recognised marriage violates liberty including the political liberal version of liberty that is based on neutrality between conceptions of the good Part Two sets out the case for the marriage free state Chambers criticizes recent arguments that traditional marriage should be replaced with either a reformed version of marriage such as civil partnership or a purely contractual model of relationship regulation She then sets out a new model for the legal regulation of personal relationships Instead of regulating by status the state should regulate relationships according to the practices they involve Instead of regulating relationships holistically assuming that relationship practices are bundled together in one significant relationship the marriage free state regulates practices on a piecemeal basis The marriage free state thus employs piecemeal practice based regulation It may regulate private marriages including religious marriages so as to protect equality But it takes no interest in defining or protecting the meaning of marriage [Acidic Prayer against Dream Killers](#) Tella

The Case Against Marriage What You re Really Getting What You ve Got To Lose Not just a critique of marriage but one of the best books EVER on romantic relationships and how they really work What do people want from love How do they think marriage will help them and what does it really give them Marriage is all about love right Actually it s more about money Behind the romantic language marriage is primarily a financial agreement merging the assets and liabilities of two individuals into a single corporate entity After your wedding the money you earn and debts you incur are no longer legally yours they belong to the marital community a common pot that both of you contribute to and draw from It s a lot like Communism an idealistic sharing of resources and risks supposedly for the common good What could go wrong with this plan Pretty much the same things that brought down political Communism in the late 20th Century It slows growth suppresses initiative dilutes responsibility and mires decisions in bureaucracy Healthy relationships need clear boundaries and marriage erases too many of them at once Marriage was designed for medieval times Back then life was hard and short most marriages were arranged and a woman was essentially the property of her husband Marriage was a sort of licensing system for sex and childbirth Once the relationship was officially approved and the religious ceremony concluded the couple s overriding goal was to produce as many children as possible knowing that many would die Times have changed Birth control longer life spans sexual freedom and women s rights have rewritten the rules of matrimony Under the laws of most Western countries marriage is no longer a sex license or child rearing contract only a contract to merge financial resources It s only money couples may say but Glenn Campbell argues that love and money are separate issues that should be kept that way In modern Western society unmarried people can legally have sex live together raise children buy property together and do nearly everything else associated with a committed relationship so why do they need to marry at all What are you really getting when you walk down the aisle Is marriage merely a public announcement to make your relationship official or does it fundamentally change the relationship With simple powerful and accessible arguments *The Case Against Marriage* explains why if you truly love someone marriage may not be the wisest way to show it **Maine Law Review** ,1908 A Complete Collection of State Trials and Proceedings for High Treason and Other Crimes and Misdemeanors from the Earliest Period to the Year 1820.
