## **Mars Mystery:**

The Mars Mystery Graham Hancock, 2010-08-11 An asteroid transformed Mars from a lush planet with rivers and oceans into a bleak and icy hell Is Earth condemned to the same fate or can we protect ourselves and our planet from extinction In his most riveting and revealing book yet Graham Hancock examines the evidence that the barren Red Planet was once home to a lush environment of flowing rivers lakes and oceans Could Mars have sustained life and civilization Megaliths found on the parched shores of Cydonia a former Martian ocean mirror the geometrical conventions of the pyramids at Egypt s Giza necropolis Especially startling is a Sphinx like structure depicting a face with distinguishable diadem teeth mouth and an Egyptian style headdress Might there be a connection between the structures of Egypt and those of Mars Why does NASA continue to dismiss these remarkable anomalies as a trick of light Hancock points to the intriguing possibility that ancient Martian civilization is communicating with us through the remarkable structures it left behind In exploring the possible traces left by the Martian civilization and the cosmic cataclysm that may have ended it The Mars Mystery is both an illumination of our ancient past and a warning that we still have time to heed about our ultimate fate

**The Stargate Conspiracy** Lynn Picknett,2001-09-01 In recent years alternative historians have gained remarkable insight into the mysteries of ancient Egypt but according to Lynn Picknett and Clive Prince their discoveries tie into a dangerous conspiracy nearly fifty years in the making At the center of this conspiracy is a group of respected powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth The conspirators have intimate and exclusive knowledge of this momentous second coming but they insist on keeping it to themselves What could be the purpose of such a conspiracy Why are the conspirators so desperate to keep their information a secret And what does it mean for mankind In this riveting well researched book Picknett and Price offer compelling evidence that the conspiracy exists and expose the insidious motivations of the individuals and organizations behind it

**Catastrophobia** Barbara Hand Clow,2001-05-01 Bestselling author Barbara Hand Clow examines legendary cataclysms and shows how we are about to overcome the collective fear they have instilled in us The long awaited follow up that continues the revelations begun in The Pleiadian Agenda which has sold more than 60 000 copies Explains why contrary to many prophets of doom we are actually on the cusp of an era of incredible creative growth The recent discovery of the remains of ancient villages buried beneath the Black Sea is the latest instance of mounting evidence that many of the mythic catastrophes of history the fall of Atlantis the Biblical Flood were actual events In Catastrophobia Barbara Hand Clow shows that a series of cataclysmic disasters caused by a massive disturbance in the Earth s crust 11 500 years ago rocked the world and left humanity s collective psyche permanently scarred We are a wounded species and this unprocessed fear passed from generation to generation is responsible for our constant expectations of apocalypse from Y2K to the famed end of the Mayan calendar in 2012 Catastrophobia reveals the insidious global forces that have used these collective fears to control humanity for thousands of years But we are in the midst of a tremendous shift in the Earth s 26 000 year precessional cycle and there is every indication that the changes in consciousness over the last 30 years are the beginnings of a collective healing from these deep fears heralding a new age where we will see that the era of cataclysms is ending and a time of extraordinary creative activity is at hand [Japanese Homes and Their Surroundings](#) Edward Sylvester Morse,2023-10-29 In Edward Sylvester Morse s Japanese Homes and Their Surroundings readers are provided with a comprehensive exploration of

**The Language of the Stars** Hermann Beckh, Rudolf Frieling, 2020-11-16  
Astrology is a concern of the Christ and the work of Michael Hermann Beckh. During the brief window between the two World Wars the Rev Prof Hermann Beckh led research at The Christian Community Seminary in Stuttgart. In those precious years he published on music the gospels and the ancient Mysteries. By 1930 in his Contributions to the Priests Newsletter he had produced the most far reaching account of the cosmic order ever written. The typescript of this great work was destined to gather dust in the Berlin Archiv however until it was discovered in recent years Published here for the first time it is the crowning masterpiece to Beckh's Collected Works. The translated and annotated text is accompanied by Rudolf Frieling's in depth application of Beckh's principles of the cosmic starry order to the Creed of The Christian Community and by a number of appreciations and relevant book reviews. Through ever deepening meditation guided by Rudolf Steiner and his vast knowledge of Tibetan Sanskrit Pali and Avestan sacred texts scarcely to be equalled in Europe at the time Beckh came to the first hand realization.

that human and cosmic life was ordered He perceived directly that this cosmic order was good as originating from the World Will true as from World Thinking and beautiful as from World Feeling All three could be personally experienced in disciplined consciousness that could enter dream sleep and pre natal life This then was Beckh s method and inspiration as shown in this extraordinary work The time will come when Beckh s Christened star knowledge which signifies a basic overturning of today s decadent astrology will be appreciated for its significance August Pauli
