A Marsh Island (Classic Reprint) Sarah Orne Jewett, 2015-07-16 Excerpt from A Marsh Island One August afternoon the people who drove along the east road of a pleasant Sussex County town were much interested in the appearance of a young man who was hard at work before a slender easel near the wayside Most of the spectators felt a strong desire to linger if any had happened to be afoot they would surely have looked over the artist's shoulder as it was they inspected with some contempt the bit of scenery which was honored with so much attention This was in no way remarkable They saw a familiar row of willows and a foreground of pasture broken here and there by gray rocks while beyond a tide river the marshes seemed to stretch away to the end of the world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A Marsh Island** Sarah Orne Jewett, 2023-06-13 Toward the end of her life Sarah Orne Jewett 1849 1909 made a surprising disclosure Instead of the critically lauded *The Country of the Pointed Firs* Jewett declared her best story to be *A Marsh Island* 1885 a little known novel Why One reason is that it demonstrates Jewett's range Known primarily for her vignettes Jewett accomplished in these pages a truly great novel Undoubtedly another reason lies in the novel's themes of queer kinship and same sex domesticity as enjoyed by the flamboyant protagonist Dick Dale Written a few years into Jewett's decades long companionship with Annie Fields *A Marsh Island* echoes Jewett's determination to split time between her family home in Maine and Fields's place on Charles Street in Boston The novel follows the adventures of Dale a Manhattanite landscape painter in the Great Marsh of northeastern Massachusetts and envisions the latter region's saltmarsh as a figure for dynamic selfhood the ever shifting boundaries between land and sea a model for valuing both individuality and a porous openness to the gifts of others Jewett's works played a major role in popularizing the genre of American regionalism and have garnered praise both in her time and ours for her skill in rendering the local landscapes and fishing villages along or near the coasts of New England Just as Jewett brought attention to the unique beauty and value of the Great Marsh region editor Don James McLaughlin reveals a convergence of regionalism and sexuality in Jewett's work in his introduction *A Marsh Island* reminds us that queer kinship has a long tradition of being extended to incorporate queer ecological belonging and that the meaning of companionship
