Martha Peake Patrick McGrath Staff, 2000-09 **Martha Peake** Patrick McGrath, 2021 *Montgomery Co, TN*
, 2000-04-03 *21st-Century Gothic* Daniel Olson, 2011. Selected by a poll of more than 180 Gothic specialists, creative writers, professors, critics, and Gothic Studies program developers at universities, the fifty-three original works discussed in *21st Century Gothic* represent the most impressive Gothic novels written around the world between 2000-2010. The essays in this volume discuss the merits of these novels, highlighting the influences and key components that make them worthy of inclusion. Many of the pioneer voices of Gothic Studies, as well as other key critics of the field, have all contributed new essays to this volume, including David Punter, Jerrold Hogle, Karen F. Stein, Marie Mulvey Roberts, Mary Ellen Snodgrass, Tony Magistrale, Don D. Ammassa, Mavis Haut, Walter Rankin, James Doig, Laurence A. Rickels, Douglass H. Thomson, Sue Zlosnik, Carol Margaret Davison, Ruth Bienstock, Anolik Glennis, Byron, Judith Wilt, Bernice Murphy, Darrell Schweitzer, and June Pulliam. The guide includes a preface by one of the world's leading authorities on the weird and fantastic, S. T. Joshi. Sharing their knowledge of how traditional Gothic elements and tensions surface in a changed way within a contemporary novel, the contributors enhance the reader's dark enjoyment, emotional involvement, and appreciation of these works. These essays show not only how each of these novels is Gothic, but also how they advance or change Gothicism, making the works both irresistible for readers and establishing their place in the Gothic canon.

Patrick McGrath and his Worlds Matt Foley, Rebecca Duncan, 2019-12-05. Following the publication of *Ghost Town* (2005), a complex, globally conscious genealogy of millennial Manhattan, McGrath's transnational status as an English author resident in New York, his pointed manipulation of British and American contexts, and his clear apprehension of imperial legacies have all come into sharper focus. By bringing together readings cognizant of this transnational and historical sensitivity with those that build on existing studies of McGrath's engagements with the gothic and madness, *Patrick McGrath and his Worlds* sheds new light on an author whose imagined realities reflect the anxieties, pathologies, and power dynamics of our contemporary world order. McGrath's fiction has been noted as parodic, *The Grotesque* (1989), psychologically disturbing, *Spider* (1990), and darkly sexual, *Asylum* (1996). Throughout his corpus is characterized by a preoccupation with madness and its institutions and by a nuanced relationship to the gothic. With its international range of contributors and including a new interview with McGrath himself, this book opens up hitherto underexplored theoretical perspectives on the key concerns of McGrath's oeuvre, moving conversations around McGrath's work decisively forward. Offering the first sustained exploration of his fiction's transnational and world historical dimensions, *Patrick McGrath and his Worlds* seeks to situate, reflect upon, and interrogate McGrath's role as a key voice in

Rewriting/Reprising Georges Letissier, 2009-10-02 This volume comprises sixteen essays preceded by an introductory chapter focusing on the diverse modalities of textual and more widely artistic transfer Whereas the first Rewriting Reprising volume coord by C Maisonnat J Paccaud Huguet its subversive potential is perceptible notably through its many attempts at emancipating the genre from the ideological fetters of gender Over the past two decades Victorian literature and culture has become an inescapable field of investigations to any study on intertextuality in the English speaking world In a second part diversity has been preferred to any single specific angle to approach the Victorian neo Victorian tropism The purpose is to provide as complete a spectrum as is reasonably possible in such a volume The practice of rewriting in the Victorian age is thus studied alongside contemporary appropriations of the Victorian canon The question is raised of whether literary

fetishism may not result in a form of counterfeit classicism while the more challenging neo Victorian rewritings would make a claim for the need to choose one's literary heritage and ancestors This is where the post colonial agenda comes in Precisely the third part investigates the question of rewriting reprising as a way of writing back The myth of Frankenstein's creature bent on wreaking vengeance on his creator is of course seminal as it offers a myth of transgression which in its turn becomes a foundation myth Not only are post colonial responses to their disclaimed parent texts highly theory informed but they also evince an awareness of such contemporary issues which are direct consequences of the colonial past In the last section of this volume the scope of what comes within the range of intertextuality per se is widened to cover artistic dialogism In the exchanges between theatrical texts reprise may be construed as a metaphor standing for the pleasure inherent in the process of recreation The interaction between embedded paintings and the embedding canvas offers yet another variation on the reprise motif as does the meta aesthetic discourse of the critic on the work of art What begins as mere repetition is soon colored by the personal inflections of the interpreter In operatic performances updating a classical text to make it suitable to contemporary audiences and in close harmony with the role assigned to music is liable to spur on the creativity of recreation
