Martian Child:

The Martian Child David Gerrold,2007-09-04 An autobiographical novel about a gay man and his decision to adopt and eight year old boy captures the realities of single fatherhood and the relationship that develops between the man and his severely troubled son **Martian child** David Gerrold,2017 A science fiction writer recently widowed considers whether to adopt a hyper imaginative 6 year old abandoned and socially rejected boy who says he s really from Mars IMDB [Martian Child](#) ,2008 The skeptical melancholy eyes of John Cusack anchor Martian Child a sweet but not cloying story of a widowed man who adopts a misfit kid who believes he s from another planet David Gordon Cusack is a successful science fiction author which is perhaps what leads a children s counselor Sophie Okonedo Dirty Pretty Things to pair him with a would be extra terrestrial named Dennis Bobby Coleman Reluctantly at first David tries to communicate with Dennis by fostering his belief but as they grow attached to each other the administrators of the organization that put them together sees this playing along as a failure to be a proper parent and threatens to take Dennis away The first two thirds or so of Martian Child are marvelous though the scenario could be saccharine the script and performances are full of details and complexities that make it feel genuine and affecting The last third unfortunately seems to be the result of studio meddling for the themes and emotions become awkwardly overstated But what will stay with you are the moments of refreshing honesty and tender trust from the earlier part of the movie the ending clumsy and tone deaf though it is doesn t wipe away the delicate earlier interplay of David and Dennis Also featuring Oliver Platt Funny Bones Amanda Peet Igby Goes Down and Anjelica Huston Prizzi s Honor
