Rennert,2004 This collection of articles by both German literature specialists and German theater experts grew out of the Comparative Drama Conference held annually between February and March from 1977 to 1999 in Gainesville Florida At the center of the contributors work is the productive tension between the literary and the performance aspects of German drama and theater At the same time the reception is truly American since the German playwrights directors theorists and dramatists discussed have gone through creative filters in the researching performing and teaching of German drama and theater on various campuses across the United States during the last third of the twentieth century Martin Walser ,1964 **A Man in Love** Martin Walser,2019-09-10 For readers of

Colm Toibin s The Master and Michael Cunningham s The Hours a witty moving tender novel of impossible love and the mysterious ways of art Johann Wolfgang von Goethe is so famous his servant auctions off snippets of his hair and children and adults recite from his many works by memory When he was a young poet his first novel a story of love and romantic fervor ending in suicide was an international blockbuster that set off a wave of self inflicted deaths across Europe Now seventy three sought after and busy with scientific pursuits and responsibilities to the Grand Duke he has fallen in love with a nineteen year old Ulrike von Levetzow Infatuated at the spa in Marienbad he seeks her out They exchange glances witty words In the social swirl they find each other On the promenade they parade together arm in arm Time spent away from her

is sleepless and when they kiss it is in the Goethian way from his books a matter of souls not mouths or lips And yet his years fail him At an afternoon tea party a younger man tries to seduce her At a costume ball he collapses When he proposes nonetheless Ulrike and her mother are already preparing to leave Caught in a storm of emotion and torn between despair and unwillingness to give up hope he begins an elegy in his coach as he pursues her The Marienbad Elegy one of his last great works

**German Culture and the Uncomfortable Past** Helmut Schmitz,2017-07-05 Beginning with the question of the role of the past in the shaping of a contemporary identity this volumes spans three generations of German and Austrian writers and explores changes and shifts in the aesthetics of Vergangenheitsbewältigung coming to terms with the past The purpose of the book is to assess contemporary German literary representations of National Socialism in a wider context of these current debates The contributors address questions arising from a shift over the last decade triggered by a generation change questions of personal and national identity in Germany and Austria and the aesthetics of memory One of the central questions that emerges in relation to the Hitler youth generation is that of biography as examined through Günter Grass and Martin Walser's conflicting views on the subject of National Socialism Other themes explored here are the conflict between the post war generations and the contributions of that conflict to West German mentality and the growing historical distance and its influence on the aesthetics of representation

**Runaway Horse** Martin Walser,1980 The accidental reunion of two

men former schoolmates and their wives in a lakeside resort leads to a comparison of memories an awkward intimacy and a moment of terrible yet exhilarating liberation

**The Burden of the Past** Thomas A. Kovach,Martin Walser,2008 English

translation analysis and contextualization of Walser's notorious but little examined Peace Prize speech and related writings The German novelist Martin Walser's 1998 speech upon accepting the Peace Prize of the German Book Trade remains a milestone in recent German efforts to come to terms with the Nazi past The day after the speech Ignatz Bubis leader of Germany's Jewish community attacked Walser for inciting dangerous right wing sentiment with controversial passages including the notorious statement Auschwitz is not suited to be a moral bludgeon thus igniting the protracted public battle of opinions known as the Walser Bubis Debate The speech continues to loom large in Germany's struggle to acknowledge responsibility for Nazi crimes yet escape a suffocating burden of remembrance But in spite of its notoriety little attention has been paid to what the speech actually says as opposed to the public outcry and debate that followed it This book presents the text of the speech along with several of Walser's other essays and speeches about the Holocaust and its impact on German identity in English translation It examines them as texts a process that involves a discussion of literary complexities and an attempt to distinguish valid criticism of German intellectual life from what is justifiably problematic And it places this textual examination in the context of Walser's and other postwar German intellectuals attempts to deal with the Nazi past of German Jewish relations in the postwar era and of the once hidden and now due in part to Walser's speech increasingly open discourse about Germans as victims during and immediately after the Nazi era Thomas A Kovach is Professor of German

Fetz,2016-12-13 Martin Walser gilt als einer der bedeutendsten und umstrittensten deutschsprachigen Schriftsteller der Gegenwart Seine zahlreichen Werke geben Auskunft ber die politischen kulturellen und gesellschaftlichen Ereignisse und Entwicklungen der Bundesrepublik    [Historical Dictionary of Postwar German Literature](#) William Grange,2009-07-09 Some authors strongly criticized attempts to rebuild a German literary culture in the aftermath of World War II while others actively committed themselves to dealing with the German past There are writers in Austria and Switzerland that find other contradictions of contemporary life troubling while some find them funny or even worth celebrating German postwar literature has in the minds of some observers developed a kind of split personality In view of the traumatic monstrosities of the previous century that development may seem logical to some The Historical Dictionary of Postwar German Literature is devoted to modern

literature produced in the German language whether from Germany Austria Switzerland or writers using German in other countries This volume covers an extensive period of time beginning in 1945 at what was called zero hour for German literature and proceeds into the 21st century concluding in 2008 This is done through a list of acronyms and abbreviations a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on writers such as Nobel Prize winners Heinrich Böll Günter Grass Elias Canetti Elfriede Jelinek and W G Sebald There are also entries on individual works genres movements literary styles and forms **Futurity** Amir Eshel, 2013-01-14 When looking at how trauma is represented in literature and the arts we tend to focus on the weight of the past In this book Amir Eshel suggests that this retrospective gaze has trapped us in a search for reason in the madness of the twentieth century's catastrophes at the expense of literature's prospective vision Considering several key literary works Eshel argues in *Futurity* that by grappling with watershed events of modernity these works display a future centric engagement with the past that opens up the present to new political cultural and ethical possibilities what he calls futurity Bringing together postwar German Israeli and Anglo American literature Eshel traces a shared trajectory of futurity in world literature He begins by examining German works of fiction and the debates they spurred over the future character of Germany's public sphere Turning to literary works by Jewish Israeli writers as they revisit Israel's political birth he shows how these stories inspired a powerful reconsideration of Israel's identity Eshel then discusses post 1989 literature from Ian McEwan's *Black Dogs* to J M Coetzee's *Diary of a Bad Year* revealing how these books turn to events like World War II and the Iraq War not simply to make sense of the past but to contemplate the political and intellectual horizon that emerged after 1989 Bringing to light how reflections on the past create tools for the future *Futurity* reminds us of the numerous possibilities literature holds for grappling with the challenges of both today and tomorrow **History of Mitchell and Worth Counties, Iowa** Jefferson F.
