Marxism Ideology And Myths:

Marxism, Ideology and Myths David Flakser, 1971 Hegel, Marx, Nietzsche Henri Lefebvre, 2020-02-11 With the translation of Lefebvre's philosophical writings his stature in the English speaking world continues to grow Though certainly within the Marxist tradition he consistently saw Marx as an unavoidable necessary but insufficient starting point Unsurprisingly Lefebvre always insisted on the importance of Hegel to understanding Marx But the imposing Metaphilosophy also suggested the significance he ascribed to Nietzsche in the realm of shadows through which philosophy seeks to think the world Lefebvre proposes here that the modern world is at the same time Hegelian in terms of the state Marxist in terms of the social and society and Nietzschean in terms of civilization and its values As early as 1939 Lefebvre pioneered a French reading of Nietzsche that rejected the philosopher's appropriation by fascism bringing out the tragic implications of Nietzsche's proclamation that God is dead long before this approach was followed by such later writers as Foucault Derrida and Deleuze Forty years later in the last of his philosophical writings Lefebvre juxtaposes the contributions of the three great thinkers in a text whose themes remain surprisingly relevant today **Politics, Ideology, and Literary Discourse in**

Modern China Kang Liu, Xiaobing Tang, 1993-11-16 This collection of essays addresses the perception that our understanding of modern China will be enhanced by opening the literature of China to more rigorous theoretical and comparative study In doing so the book confronts the problematic and complex subject of China's literary theoretical and cultural responses to the experience of the modern With chapters by writers scholars and critics from mainland China Hong Kong and the United States this volume explores the complexity of representing modernity within the Chinese context Addressing the problem of finding a proper language for articulating fundamental issues in the historical experience of twentieth century China the authors critically re-examine notions of realism the self subject and modernity and draw on perspectives from feminist criticism ideological analysis and postmodern theory Among the many topics explored are subjectivity in Chinese cultural theory Chinese gender relations the viability of a Lacanian approach to Chinese identity the politics of subversion in Chinese reportage and the ambivalent status of the icon of paternity since Mao At the same time this book offers a probing look into the transformation that Chinese culture as well as the study of that culture is currently undergoing it also reconfirms private discourse as an ideal site for an investigation into a real and imaginary private and collective encounter with history Contributors Liu Kang Xiaobing Tang Liu Zaifu Stephen Chan Lydia H Liu Wendy Larson Theodore Hutters David Wang Tonglin Lu Yingjin Zhang Yuejin Wang Li Tuo Leo Ou fan Lee *Ideology and Contemporary Sociological Theory* Graham Charles Kinloch, 1981 **Myth and Reality**, 1959 **Russia's Visionaries** Alexander Burak, 2020-11-25 This book examines the latest thinking regarding Russia's present position and its anticipated future by leading Russian philosophers political scientists economists and cultural figures to whom the author refers as visionaries These thinkers position Russia as a global protector of fairness and a safeguard against any single nation's world hegemony

Despite Russians abiding tendency to underestimate and undervalue their achievements they are increasingly coming to realize that Russia's historical record is on the whole outstanding The book's 17 chapters including many original translations of spoken discussions argue that Russia has all the prerequisites for and is in fact already well on the way toward becoming a global Noah's Ark of Western civilization Marxism, Communism and Western Society: a Comparative Encyclopedia C.
