THE CLIMATE MOVEMENT HAS REACHED THE STAGE OF MASS MOVEMENT. In the past, many were an ideological fringe. But the Tarnoff of Justice 4 has been a catalyst for a coalition on Madison Island in Wisconsin of more progressive citizens fighting back. It has achieved what we have done in Toronto (Justice 4), to convince people in the leadership of the UN's COP20 (G8, G20, G20) climate conference, all around the world of the climate emergency. They mobilized how increasingly radical young climate activists are becoming in the face of a rising crisis combined with increased and integrated action by the system's political and business institutions. Capitalism's hegemony has crumbled, while pointing to the need for climate and social transformation has become the norm.
