Merging Dimensions Tom Dongo,Linda Bradshaw,2020-01-15 On a secluded ranch near Sedona Arizona strange events mysteriously began in 1992 What does it portend for us all Over 100 actual photographs of incredible events otherworldly beings strange flying craft and unexplained light anomalies There have been a myriad of occurrences over the years but I have chosen the most vivid of each type to share with you These are not all that have occurred nor have the experiences stopped After compiling the following data it is only now that I feel free to release it to the world This information is not intended to achieve any hidden agenda It is only to inform those who wish to know Perhaps it may appear a bit far fetched to some and for this I will not apologize This is merely truth and I cannot change the flavor or color of an experience to suit another's belief parameters What is is To the best of my human ability I will share in exact detail all types of incidents that I have to this point experienced in relation to this fascinating area These I believe are indicative of many things to come Join me on my journey I share this with the fervent desire that each reader is inspired in a positive way *Principles and Applications of the Twelve Universal Laws* ,1996-01-01 God designed twelve basic laws for us to follow This workbook offers definitions of the twelve laws along with exercises activities and meditations to give you a better understanding of these laws and how to apply them to your daily life This book is great for adults and teens looking for positive change in their lives
