# Merit Aesthetic And Ethical

**Marcia Muelder Eaton**

## **Merit Aesthetic And Ethical:**

**Merit, Aesthetic and Ethical** Marcia Muelder Eaton, 2023 Traditionally philosophers have seen aesthetic and ethical values as fundamentally separate This work introduces a notion of merit in which being good and looking good are integrated into one

**Art, Emotion and Ethics** Berys Gaut, 2007-05-24 Art Emotion and Ethics is a systematic investigation of the relation of art to morality a topic that has been of central and recurring interest to the philosophy of art since Plato Berys Gaut explores the various positions that have been taken in this debate and argues that an artwork is always aesthetically flawed insofar as it possesses a moral defect that is aesthetically relevant Three main arguments are developed for this view these involve showing how moral goodness is itself a kind of beauty that artworks can teach us about morality and that this is often an aesthetic merit in them and that our emotional responses to works of art are properly guided in part by moral considerations Art Emotion and Ethics also contains detailed interpretations of a wide range of artworks including Rembrandt's Bathsheba and Nabokov's Lolita which show that ethical criticism can yield rich and plausible accounts of individual works Gaut develops a new theory of the nature of aesthetic value explores how art can teach us about the world and what we morally ought to do by guiding our imaginings and argues that we can have genuine emotions towards people and events that we know are merely fictional Characterised by its clarity and sustained argument this book will be of interest to anyone who wants to understand the relation of art to morality

What is Expression? Alex Scott, 2010-02 What are the elements of expression What are the origins aims and functions of expression An adequate theory of expression can help us to address these questions and to recognize the diversity of the many modes of expression scientific ethical aesthetic religious and sociocultural Alex Scott describes the interdependence of the modes of expression showing that a theory of expression can promote social understanding by illuminating the nature of our interdependence as individuals in society Expression theory as described by Scott is not merely a theory of art It is a theory of the ethics aesthetics psychology logic language and politics of expression It is a theory that enables us to examine in a more comprehensive way the question of whether there are any logical limits to the expressive capacity of language Expression theory is also a theory that enables us to transcend the dialectics of the said and the unsaid the sayable and the unsayable It enables us to address the question of whether the communicability of a person's thoughts or feelings is determined solely by that person's communicative competence or whether there are some kinds of thoughts and feelings that are truly ineffable and incommunicable

**New Paradigms in Aesthetics** Heather Lea Wainwright, 2006

*Two Thumbs Up* Stephanie Ross, 2020-11-10 Far from an elite practice reserved for the highly educated criticism is all around us We turn to the Yelp reviewers to decide what restaurants are best to Rotten Tomatoes to guide our movie choices and to a host of voices on social media for critiques of political candidates beach resorts and everything in between Yet even amid this ever expanding sea of opinions professional critics still hold considerable power in guiding how we make aesthetic judgements Philosophers and lovers of art continue to

grapple with questions that have fascinated them for centuries How should we engage with works of art What might enhance such encounters Should some people's views be privileged Who should count as a critic And do critics actually help us appreciate art In *Two Thumbs Up* philosopher Stephanie Ross tackles these questions revealing the ways that critics influence our decisions and why that's a good thing Starting from David Hume's conception of ideal critics Ross refines his position and makes the case that review based journalistic or consumer reporting criticism proves the best model for helping us find and appreciate quality She addresses and critiques several other positions and in the process she demonstrates how aesthetic and philosophical concerns permeate our lives choices and culture Ultimately whether we're searching for the right wine or the best concert Ross encourages us all to find and follow critics whose taste we share *Aesthetics: Issues and challenges* James O. Young, 2005 This collection brings together classic and contemporary writings on the philosophy of art All of the various artistic genres are addressed with sections on film dance and architecture as well as music literature and the visual arts *Aesthetics and the Philosophy of Art* Peter Lamarque, Stein Haugom Olsen, 2018-12-06 For over fifty years philosophers working within the broader remit of analytic philosophy have developed and refined a substantial body of work in aesthetics and the philosophy of art curating a core foundation of scholarship which offers rigor and clarity on matters of profound and perennial interest relating to art and all forms of aesthetic appreciation Now in its second edition and thoroughly revised *Aesthetics and the Philosophy of Art The Analytic Tradition* An Anthology captures this legacy in a comprehensive introduction to the core philosophical questions and conversations in aesthetics Through 57 key essays selected by leading scholars Peter Lamarque and Stein Haugom Olsen this anthology collects modern classics as well as new contributions on essential topics such as the identification and ontology of art interpretation values of art art and knowledge and fiction and the imagination New to this edition are selections which treat aesthetic experience more widely including essays on the aesthetics of nature and aesthetics in everyday life Other carefully chosen pieces analyze the practice and experience of specific art forms in greater detail including painting photography film literature music and popular art such as comics This bestselling collection is an essential resource for students and scholars of aesthetics designed to foster a foundational understanding of both long standing and contemporary topics in the field *An Introduction to Contemporary Aesthetics* Emmie Malone, Elizabeth Scarbrough, 2025-10-27 *An Introduction to Contemporary Aesthetics* Art Community and Experience gives students and other readers a comprehensive sense of the dynamic issues and problems in aesthetics and philosophy of art today Each of the 14 chapters is written by a different expert in the field and together they cover a wide range of methodological approaches and perspectives including those from analytic and Continental philosophy non Eurocentric global traditions and critical stances taken up by feminist philosophers and philosophers of race In addition the volume makes use of recent empirical work on art and beauty as well as examples of artistic expressions from cultures from around the world In contrast to other coursebooks which are often structured entirely around artforms this volume frames

much of its contents around core aesthetic concepts like good or bad taste interpretation or authenticity with each chapter devoted to a different concept Within each chapter the reader will find a range of engaging artforms and experiences The contents of the volume are laid out in four parts the first focuses on foundational questions in aesthetics and the second on key aesthetic concepts The third part focuses on applied questions relating to particular artforms and genres e g horror comedy AI art games Finally the last part of the volume takes a wider but still practical view focusing on why aesthetic life matters to us both as a society and as individuals Key Features Written in a non technical style for readers new to aesthetics and with little or no background in philosophy or the study of the arts Draws on examples readers encounter in everyday life and popular culture from Drake to Philly cheesesteaks Deals with questions that concern many college students today Does authenticity even matter and if so why What s wrong with enjoying the work of an immoral artist How are our homes and schools important places of aesthetic meaning Each chapter is written as a biased survey with clear coverage of the historical and contemporary literature on the topic but also from a distinct subjective point of view Non Eurocentric philosophies or examples are included throughout the book highlighting the rich and diverse philosophical work from around the globe Discussion Questions offer student readers opportunities to engage more fully with the problems raised in the text Suggestions for Further Reading at the end of each chapter identify the most promising avenues for further research on the topic

**Journal of the Society of Christian Ethics** ,2009      *The Concept of Sin* Frederick Robert Tennant,1912

Perspectives on Aesthetics, Art and Culture Claes Entzenberg,Simo Säätelä,2005      The Dualist ,2005      **The Best Books for Academic Libraries: Religion and philosophy** ,2002      *Kinesis* ,2003      Social Reform, Taste, and the Construction of Virtue in American Literature, 1870-1910 Janice H. Koistinen-Harris,2002 Dr Koistinen Harris s study of the relationship between literature taste aesthetics and social reform in America at the turn of the twentieth century groups together subjects which scholars have not commonly linked with one another Particularly she has adopted an innovative way of thinking about reform writing focusing not on what is being said about needy groups but instead on what the writing says to the potential reformers to whom it is addressed Preface Janice Koistinen Harris s study of the relationship between literature taste aesthetics and social reform in America at the turn of the twentieth century groups together subjects which scholars have not commonly linked with one another In particular Koistinen Harris has adopted an innovative way of thinking about reform writing focusing not on what is being said about needy groups but instead on what the writing says to the potential reformers to whom it is addressed She thus establishes an important tie between thought and social action during an era which dramatically altered the course of American history This book then fills an important gap at the junction between literary and historical scholarship The li      *"The Good is Not Always the Beautiful"* Janice Hilma Koistinen,1998

**Artbibliographies Modern** ,2004      **Studies in Art Education** ,2004      **Art and Essence** Stephen Davies,Ananta Charana Sukla,2003-10-30 This exceptional new collection comprises 13 new essays on the nature and definability of art

Presenting a wide offering of contemporary philosophical perspectives including theoretical historical cross cultural and evolutionary Art and Essence offers thorough critical discussion on the extensive contemporary philosophical literature on the subject The work here contrasts the idea of theorizing about why we make and consume art with that of defining it furthermore the authors consider the possibility that art has no definable essence and discusses differences and connections between art and nature More historical chapters focus on ancient and medieval approaches to art while others discuss the work of philosophers such as Hume Kant and Nietzsche Non Western cultures cultivated their own distinctive art practices and philosophies as discussed in chapters on India and Japan and contemporary philosophers have added their own unique perspectives The authors are among the leading philosophers on the subjects they cover making Art and Essence an invaluable tool for scholars of a wide variety of fields      **The Philosophical Review** Jacob Gould Schurman,James Edwin Creighton,Frank Thilly,Gustavus Watts Cunningham,2001
