Meta Incognita Project Stephen Alsford,1993 *Meta Incognita: a discourse of discovery - volume 1* Thomas H. B. Symons,Stephen Alsford,Chris Kitzen,1999-01-01 The Meta Incognita Project was initiated to cast new light on the Arctic voyages of Martin Frobisher and their significance for the histories of North America and Britain Although the Elizabethan venture failed to discover a northwest passage to mines and precious metals and to establish a colony in the future Canadian Arctic it left valuable legacies Published in English *Historical Dictionary of the Discovery and Exploration of the Northwest Passage* Alan Day,2006-01-03 This compendium of explorers navigators and expeditions tackles this broad topic with a convenient but extensive cross referenced dictionary A chronology traces the long succession of treks to find the passage the introduction helps explain what motivated them and the bibliography provides a means for those wishing to discover more information on this exciting subject Decentring the Renaissance Germaine Warkentin,Carolyn Podruchny,2001-01-01 Eighteen innovative essays explore not only how the European Renaissance helped form Canada but also how more significantly the experience of Canada touched the Renaissance and those who first came to the shores of North America Encounters on the Passage Dorothy Harley Eber,2008-10-01 Inuit elders who grew up in camps on the shores of Frobisher Bay can tell you what happened when Martin Frobisher arrived with his vessel in 1576 He fired two warning shots into the air So right away there were some grievances Frobisher's shots were the opening salvos in the search for the Northwest Passage a search that lasted for more than four hundred years and riveted the Western world particularly in the nineteenth and early twentieth century In Encounters on the Passage present day Inuit tell the stories that have been passed down from their ancestors of the first encounters with European explorers In many of these stories the old cosmogony is still in place with shamans playing starring roles opposite the strangers intruding on the Inuit lands Dorothy Harley Eber presents stories told to her about the expeditions of Sir Edward Parry Sir John Ross Sir John Franklin and the Norwegian explorer Roald Amundsen and sets them squarely in historical context In the case of the disastrous Franklin expedition new information opens up another fascinating chapter on the Franklin tragedy Collected over twelve years on visits to communities in Nunavut these remarkable stories of expeditionary forces and their dealings with native peoples will be new and exciting reading for those interested in the search for the Northwest Passage the Franklin tragedy and traditions of oral history **Martin Frobisher's northwest venture, 1576-1581** D. D. Hogarth,P. W. Boreham,J. G. Mitchell,1993-01-01

Martin Frobisher led three voyages to the Canadian Arctic between 1576 and 1578. He initially sought the Northwest Passage to Cathay but his voyages became Canada's first gold rush when gold was reported after his first trip. Sadly the Arctic ore proved worthless and the Cathay Company that financed the expedition was ruined. Mysteries however remain: Was the ore truly worthless? If so, why was it so easy to finance the expeditions? Was fraud involved? And why did some of the ore mysteriously disappear off the coast of Ireland? This book is a quest for the answers. Published in English. **Martin Frobisher** James McDermott, 2001-01-01 Details the life and exploits of the privateer who served Elizabeth I, battled against the Spanish Armada and attempted to find the Northwest Passage. **Acadiensis**, 2001. Meta Incognita Project Launched to Investigate Frobisher's Voyages to the Canadian Arctic. Stephen Alsford, 1991 Notification of proposed project to investigate archaeological sites associated with exploration of Baffin Island by Sir Martin Frobisher. **Popular Science** Arthur Mee, 1913. **The Book of Popular Science**, 1924. *Current Research*, 1978. *HIGHLIGHTS OF HISTORY* J. CARROLL MANSFIELD, 1925. *Archivaria*, 1999. **Meta Incognita: a discourse of discovery - volume 2** Thomas H. B. Symons, Stephen Alsford, Chris Kitzen, 1999-01-01 The Meta Incognita Project was initiated to cast new light on the Arctic voyages of Martin Frobisher and their significance for the histories of North America and Britain. Although the Elizabethan venture failed to discover a northwest passage to mines and precious metals and to establish a colony in the future Canadian Arctic, it left valuable legacies. Published in English. **Current Research 1998-C**. Geological Survey of Canada, 1998. Review of geological research related to the Canadian Shield provides papers covering topics such as these: gravity profiles across the Sleepy Dragon Complex in the Slave structural province; Northwest Territories surficial geology; metallogeny in the western Churchill Province; Precambrian geology progress report in Keewatin; various papers about the Kaministiquia greenstone belt; NWT tectonostratigraphy of central Sturgeon Lake; Ontario structural transect of the central Wabigoon subprovince; Ontario sedimentology of the Oak Ridges Moraine; Ontario origin of the Kipawa syenite complex; Quebec the Obedjiwan nepheline syenite; Quebec and geochemistry; petrogenesis of the Lapeyre gabbro; norite, Quebec. Remembering the Early Modern Voyage Mary C. Fuller, 2008-04-15 Why do we remember some parts of the historical past and forget others? Collective memory acts as a filter, a process mediated by ideology, chance and the very structures of narrative and memory. Remembering the Early Modern Voyage uses three rich case studies to examine the operations of memory on the sixteenth and seventeenth century origins of Anglophone North America: Richard Hakluyt's famous anthology of Elizabethan voyages; Captain John Smith's eccentric autobiography and the little known history of early modern Newfoundland. Attending not only to the narratives themselves but to their use and reuse over several centuries, this book offers interrogations and recalibrations of a history still critical for the present. *The American Neptune*, 2000 A quarterly journal of maritime history. **The Third Voyage of Martin Frobisher to Baffin Island, 1578** James McDermott, 2001 Martin Frobisher's third 1578 voyage to Baffin Island was the consequence of flawed logic and excessive optimism on the part of the adventurers of the ephemeral Company of Cathay.

Their original intention to find a north western route to the Far East had been largely forgotten following the imagined discovery of gold and silver bearing ore in Meta Incognita the Unknown Limits as Elizabeth I had named the forbidding and icy landscape which Frobisher and seventeen mariners had first sighted two years earlier This was to be the English nation s first experience of a gold rush and if many refused to be swayed by the promise of an empire to rival that of Spain others including the Queen herself and many of her Privy Councillors allowed their cupidity to override all caution Supplemented by extremely detailed and opprobrious though substantially accurate accusations regarding Frobisher s role in this enterprise by his ex partner the merchant Michael Lok these records provide a graphic poignant and often humorous picture of a voyage which foreshadowed the glorious failures of a later age of English empire building
