

Metaphorically Speaking

I missed the rain
but the metaphorical hit
between the eyes
left me reeling
as I read the water smudged
calling card
of the wasting disease.

Metaphorically Speaking:

The Apocalypse of Isaiah Metaphorically Speaking Brian Doyle, 2000 The analysis of metaphors constitutes an ideal point of entry into the exegesis of Biblical Hebrew poetic texts because it forces the exegete to examine the said text from a variety of perspectives How can one discern the presence of metaphorical speech What are the various types of metaphorical speech available to and employed by the biblical poet How does the structure of a piece of Hebrew poetry carry its metaphorical dimensions How did the biblical poet make use of the various types of metaphor and to what end Can we ultimately gain access to the poet's meaning The present study endeavours to provide at least a partial answer to these questions In maintaining focus on the biblical text moreover the author hopes to anchor some of the abstractions of metaphorical theory with chosen examples taken from the so called Apocalypse of Isaiah The Hebrew prophets constitute fertile ground in their use of metaphorical language for speaking the unspeakable especially concerning the relationship between the people and God

Metaphorically Speaking Patti D. Nogales, 1999-01-01 Provides a theory of metaphor that is compatible with current trends in cognitive linguistics

Metaphorically Speaking N. E. Renton, 1992-01-01 Briefly discusses the use of metaphors and lists the meaning for thousands of metaphors listed by key word and by theme from A1 and abandon ship to young Turks and to zero in on a target

Metaphorically Speaking Steve Darn, Ian White, 2005 This article examines the relevance of metaphor from a number of perspectives its dominant part in everyday speech its use as a teaching tool and its role in education and training Metaphor is seen as a vehicle for personal statement a device for clarifying abstract concepts and for adding color to descriptions and as a socio cultural indicator Examples are given from a variety of contexts everyday speech teaching general education and songs A distinction is made between cognitive and generative metaphors the latter being seen as a tool for encouraging and influencing actions such as reform reflection and ongoing development The implications of the importance of metaphor range from the difficulties of classroom teaching to major educational decisions Attention is drawn to the importance of new metaphors in line with the dynamic nature of language

Corpus linguistics Stefanowitsch, Anatol, 2020 Corpora are used widely in linguistics but not always wisely This book attempts to frame corpus linguistics systematically as a variant of the observational method The first part introduces the reader to the general methodological discussions surrounding corpus data as well as the practice of doing corpus linguistics including issues such as the scientific research cycle research design extraction of corpus data and statistical evaluation The second part consists of a number of case studies from the main areas of corpus linguistics lexical associations morphology grammar text and metaphor surveying the range of issues studied in corpus linguistics while at the same time showing how they fit into the methodology outlined in the first part
