The Greatest Cult Television Shows of All Time Christopher J. Olson,CarrieLynn D. Reinhard,2020-05-29 Reaching back to the beginnings of television The Greatest Cult Television Shows offers readers a fun and accessible look at the 100 most significant cult television series of all time compiled in a single resource that includes valuable information on the shows and their creators While they generally lack mainstream appeal cult television shows develop devout followings over time and exert some sort of impact on a given community society culture or even media industry Cult television shows have been around since at least the 1960s with Star Trek perhaps the most famous of that era However the rise of cable contributed to the rise of cult television throughout the 1980s and 1990s and now with the plethora of streaming options available more shows can be added to this categorization Reaching back to the beginnings of television the book includes such groundbreaking series as The Twilight Zone and The Prisoner alongside more contemporary examples like Crazy Ex Girlfriend and Hannibal The authors provide production history for each series and discuss their relevance to global pop culture To provide a more global approach to the topic the authors also consider several non American cult TV series including British Canadian and Japanese shows Thus Monty Python s Flying Circus appears alongside Sailor Moon and Degrassi Junior High Additionally to move beyond the conception of cult as a primarily white heteronormative fanboy obsession the book contains shows that speak to a variety of cult audiences and experiences such as Queer as Folk and Charmed With detailed arguments for why these shows deserve to be considered the greatest of all time Olson and Reinhard provide ideas for discussion and debate on cult television Each entry in this book demonstrates the importance of the 100 shows chosen for inclusion and highlights how they offer insight into the period and the cults that formed around them

Cornelius,2022-05-04 Despite the fact that Star Trek Deep Space Nine ended over twenty five years ago there has yet to be a stand alone assessment of the series This collection corrects that omission examining what made Deep Space Nine so unique within the Star Trek universe and how that uniqueness paved the way for an altogether new entirely different vision for Star Trek If the Star Trek slogan

has always been to boldly go where no one has gone before then Deep Space Nine helped to bring in a new renaissance of serialized television that has become normal practice Furthermore Deep Space Nine ushered in critical discussions on race gender and faith for the franchise science fiction television and American lives It relished in a vast cast of supporting characters that allowed for the investigation of psychosocial relationships from familial issues to interpersonal and interspecies conflict to regional strife that the previous Star Trek series largely overlooked Essays explore how Deep Space Nine became the most richly complicated sci fi series in the entire Star Trek pantheon    The Year's Best Science Fiction ,2001    **Top of the News** ,1982    *Startling Stories* ,1953    *Air Conditioning, Heating and Ventilating* ,1923    **The Heating and Ventilating Magazine** ,1922    **Science Fiction Writer's Marketplace and Sourcebook** David Borcherding,1994-09-15 Combining how to write instruction with where to sell direction this comprehensive guide is invaluable for science fiction and fantasy writers Includes samples with editor s critiques and advice from established authors more than 100 detailed market listings for magazines dozens of listings for publishing houses and information on related organizations on line services and more    *Science Fiction Writer's Marketplace and Sourcebook* ,1994    *Life* Henry R.
