## **Marriage Hearse:**

The Marriage Hearse Larry Duberstein, 1983      The Secret Malady Linda Evi Merians, 1996-01-01 Venereal disease existed in epidemical proportions in 18th century France and Britain Initially regarded as the subject for jokes and boasts of Restoration promiscuity its prevalence as the century wore on forced people to take it seriously Linda Merians offers a detailed study of the disease      **Romantic Poetry** Angela Esterhammer, 2002-01-01 Romantic Poetry encompasses twenty seven new essays by prominent scholars on the influences and interrelations among Romantic movements throughout Europe and the Americas It provides an expansive overview of eighteenth and nineteenth century poetry in the European languages The essays take account of interrelated currents in American Argentinian Brazilian Bulgarian Canadian Caribbean Chilean Colombian Croatian Czech Danish English Estonian Finnish French German Greek Hungarian Irish Italian Mexican Norwegian Peruvian Polish Romanian Russian Serbian Slovak Spanish Swedish and Uruguayan literature Contributors adopt different models for comparative study tracing a theme or motif through several literatures developing innovative models of transnational influence studying the role of Romantic poetry in socio political developments or focusing on an issue that appears most prominently in one national literature yet is illuminated by the international context This collaborative volume provides an invaluable resource for students of comparative literature and Romanticism SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism s own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are

considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age **All Aboard**

**the Marriage Hearse** Matt Morillo, 2008 A play After nearly three years together Amy wants to get married but Sean does not believe in the institution The game is on Tonight is the night when they will settle the marriage question once and for all

*Witness Against the Beast* E. P. Thompson, 1994-10-13 First paperback edition of one of E P Thompson's best and most deeply felt works

**The Pursuit of Signs** Jonathan Culler, 2005-11-29 To gain a deeper understanding of the literary movement that has dominated recent Anglo American literary criticism *The Pursuit of Signs* is a must In a world increasingly mediated it offers insights into our ways of consuming texts that are both brilliant and bold Dancing through semiotics reader response criticism the value of the apostrophe and much more Jonathan Culler opens up for every reader the closed world of literary criticism Its impact on first publication in 1981 was immense now as Mieke Bal notes the book has the same urgency and acuity that it had then though today it has even wider implications with the interdisciplinary turn taking hold literary theory itself through this book becomes a much more widespread tool for cultural analysis *The Marriage Hearse*, 2020

*The Pursuit of Signs* Jonathan D. Culler, 2002 This widely acclaimed work remains an important and vital work of literary scholarship Covering semiotics reader response criticism and the value of the apostrophe this work provides a detailed analysis of literary criticism

*Constituent and Pattern in Poetry* Archibald A. Hill, 2014-07-03 *Constituent and Pattern in Poetry* is a collection of essays on literature and language It is built on the assumption that works of literature have existence in the real world and that they may be analyzed in a fashion that is not totally subjective Using models derived from structural linguistics Archibald A Hill presents a number of theoretical contributions to the study of poetry as well as new ways of looking at specific poems The book as a whole provides an overview of the tools and ideas Hill has developed for analyzing works of literature and it is the first time the essays have been gathered together in one volume The book is divided into three sections Definition of Literature and Study of Its Patterns Types of Meaning and Imagery and Principles for Interpreting Meaning Each section opens with a theoretical essay followed by three essays that work analytically with specific poets and poems using the methods defined in the first In his examination of such poets as Hopkins Browning Milton Blake Keats and Dickinson Hill uses such proposals as the law of least lexical contribution and maximal contextual contribution the hypothesis that when possible meanings occur together in a cluster they support each other and the idea that it is sometimes possible to recover underlying language sequences from which the author has departed for identifiable

reasons By applying these suppositions to the study of particular poems Hill shows how the reader may arrive at statements about the relative artistic merit of works of literature      **The Marriage Hearse** Kate Ellis,2003      **The Uses of Adversity** Ellen Spolsky,1990 The essays in this volume contribute to the ongoing critical study of reader or audience responses to texts by focusing attention on the creative misunderstanding in the relationship While demonstrating that response depends on the functioning of shared codes it suggests that attempts to explain the communication of meaning will at the same time reveal the varieties of at least partial failure that will accompany it      **English Childhood** Adolph Charles Babenroth,1922      The Marriage Hearse Larry Duberstein,1988-05-01 Maurice Locksley tries to be fair to his wife ex wife and lover but the complexity of the task forces him to reexamine his life      *Songs of freedom.
