Davis,2010-03-31 The American fixation with marriage so prevalent in today's debates over marriage for same sex couples owes much of its intensity to a small group of reformers who introduced Americans to marriage counseling in the 1930s Today millions of couples seek help to save their marriages each

year Over the intervening decades marriage counseling has powerfully promoted the idea that successful marriages are essential to both individuals and the nation's well being Rebecca Davis reveals how couples and counselors transformed the ideal of the perfect marriage as they debated sexuality childcare mobility wage earning and autonomy exposing both the fissures and aspirations of American society From the economic dislocations of the Great Depression to more recent debates over government funded Healthy Marriage programs counselors have responded to the shifting needs and goals of American couples Tensions among personal fulfillment career aims religious identity and socioeconomic status have coursed through the history of marriage and explain why the stakes in the institution are so fraught for the couples involved and for the communities to which they belong Americans care deeply about marriages their own and other people's because they have made enormous investments of time money and emotion to improve their own relationships and because they believe that their personal decisions about whom to marry or whether to divorce extend far beyond themselves This intriguing book tells the uniquely American story of a culture gripped with the hope that with enough effort and the right guidance more perfect marital unions are within our reach

Acronyms for Marriage Andrew Bright Ikeogwu, 2019-05-03

Acronyms for marriage is written from the eight letters of marriage This book is written to encourage believers to work hard towards having a successful marriage In the present world of moral looseness permissiveness and marital irresponsibility the author challenges Christian couples to use biblical standards as the yardstick and guideline for their marriage He buttresses that marriages will succeed more if couples could involve the grace of God who created marriage in the first place Sharing from his personal experience in marriage for over 30 years he emphatically states If my marriage can work there is therefore no marriage on earth that should be allowed to fail However he points out that the reason many marriages fail is because of selfishness ignorance carelessness and pride He further states that despite the fact that the devil is out to destroy the society through failed marriages the believers can take their stand and defend their marriages towards success The book is also interspersed with philosophical quotes by the author and others which creates additional fun and thrills in reading This is a book that will open your eyes or re enforce the truths you need for a happy and successful marriage The taste of the contents will clear all doubts
