## **Married Beyond Recognition:**

**Married Beyond Recognition** Sylvia Harney, 1988

**Beyond Straight and Gay Marriage** Nancy D. Polikoff, 2008

Part of the Queer Ideas series edited by Michael Bronski QUEER IDEAS a new series of LGBT hardcovers that address important intellectual questions facing the movement The debate over marriage equality for same sex couples rages across the country Beyond Straight and Gay Marriage boldly moves the discussion forward by focusing on the larger more fundamental issue of marriage and the law The root problem asserts law professor and LGBT rights activist Nancy Polikoff is that marriage is a bright dividing line between those relationships that legally matter and those that don't A woman married to a man for nine months is entitled to Social Security survivor's benefits when he dies a woman living for nineteen years with a man or woman to whom she is not married receives nothing Polikoff reframes the debate by arguing that all family relationships and households need the economic stability and emotional peace of mind that now extend only to married couples Unmarried couples of any sexual orientation single parent households extended family units and myriad other familial configurations need recognition and protection to meet the concerns they all share building and sustaining economic and emotional interdependence and nurturing the next generation Couples should have the choice to marry based on the spiritual cultural or religious meaning of marriage in their lives asserts Polikoff While marriage equality for same sex couples is a civil rights victory she contends that no one should have to marry in order to reap specific and unique legal results A persuasive argument that married couples should not receive special rights denied to other families Polikoff shows how the law can value all families and why it must A much needed intervention in the contemporary debate about marriage and family Polikoff's argument is provocative illuminating and original John D Emilio author of Lost Prophet The Life and Times of Bayard Rustin Polikoff mobilizes an impressive array of legal history and contemporary court cases to show how marriage whether same sex or heterosexual has ceased to be the only place where people incur long term obligations She argues vigorously that our society needs to find new ways of determining when legally enforceable responsibilities and entitlements have accrued in interpersonal relationships Stephanie Coontz author Marriage A History How Love Conquered Marriage This book really matters It is brilliant and thoughtful not simply about a set of laws but as a manifesto to transform the way we understand recognize and respect the reality of our diverse and complex family compositions Polikoff grounds her arguments in the 35 year history of social change activism in this country to construct a passionate and nuanced argument for expanding our same sex marriage activism to include all of the ways people love form families and build community Amber Hollibaugh Senior Strategist National Gay and Lesbian Task Force and author of My Dangerous Desires A Queer Girl Dreaming her Way Home Passionate but completely grounded in reality Polikoff challenges LGBT rights advocates to see beyond gay equality arguments and question the fundamental fairness of limiting family recognition based on marriage gay or straight It is a powerful call for social justice Nan D Hunter founder of the American Civil Liberties Union Lesbian Gay

Bisexual Transgender Project and Professor of Law Brooklyn Law School A provocative and perspicuous intervention in one of the most devilish recent debates in U S law and politics... In a principled yet pragmatic analysis Polikoff mounts a compelling case against the continued grip of conjugalism on our family law and policy Beyond Straight and Gay Marriage challenges us Against Marriage Clare Chambers, 2017-09-08 Against Marriage argues that marriage violates both equality and liberty and should not be recognized by the state Clare Chambers shows how feminist and liberal principles require creation of a marriage free state one in which private marriages whether religious or secular would have no legal status Part One makes the case against marriage Chambers investigates the critique of marriage that has developed within feminist and liberal theory Feminists have long argued that state recognised marriage is a violation of equality Chambers endorses the feminist view and argues in contrast to recent egalitarian pro marriage movements that same sex marriage is not enough to make marriage equal The egalitarian case against marriage is the most fundamental argument of Against Marriage But Chambers also argues that state recognised marriage violates liberty including the political liberal version of liberty that is based on neutrality between conceptions of the good Part Two sets out the case for the marriage free state Chambers criticizes recent arguments that traditional marriage should be replaced with either a reformed version of marriage such as civil partnership or a purely contractual model of relationship regulation She then sets out a new model for the legal regulation of personal relationships Instead of regulating by status the state should regulate relationships according to the practices they involve Instead of regulating relationships holistically assuming that relationship practices are bundled together in one significant relationship the marriage free state regulates practices on a piecemeal basis The marriage free state thus employs piecemeal practice based regulation It may regulate private marriages including religious marriages so as to protect equality But it takes no interest in defining or protecting the meaning of marriage The Law of Husband and Wife, 1890

Beyond Marriage Susan Gluck Mezey, 2017-03-23 In this book Susan Gluck Mezey examines LGBT policymaking over the last several decades highlighting advances in LGBT rights as well as formidable challenges that still confront the LGBT community With an emphasis on courts she traces developments in the struggles for LGBT rights in the United States and abroad The chapters focus on employment discrimination transgender rights marriage equality and the ongoing battles over discrimination against same sex couples and transgender persons in education employment and public accommodations It also adds a global perspective by appraising issues affecting LGBT rights in other parts of the world discussing claims of discrimination in the Canadian and South African courts as well as in the European Court of Human Rights Mezey provides a succinct and accessible guide to the debates over sexual orientation and gender identity evaluating the roles played by state and federal courts legislatures and chief executives in formulating and implementing LGBT policy Suitable as an up to date resource for anyone interested in LGBT rights Beyond Marriage will also help students in upper level classes focusing on judicial politics public policymaking family law civil rights gender policy and minority group politics

understand ways forward for the LGBT community in the political realm      **A marriage at sea.2 vols** William Clark Russell,1891      Encyclopedia of Gender and Society Jodi O'Brien,2009 Provides timely comparative analysis from internationally known contributors      *Cosmopolitan* ,1923      One Hundred Choice Selections Charles Chalmers Shoemaker, Henry Gaines Hawn,1896      **Memories of a Sculptor's Wife** Mary Adams French French,1928

**Immovable Laws, Irresistible Rights** Christine Pierce,2000 Same sex partnerships Pregnancy through in vitro fertilization Ending one s own life in dignity All are deemed inherently wrong by the standards of natural law ethics but for many people they represent legitimate life choices that are morally right Now a leading feminist critic of the natural law tradition explores the ongoing confrontation between natural law and moral rights to argue that rights constitute a more solid grounding for ethics in human affairs and for feminist thought In this volume Christine Pierce s important essays including the celebrated Natural Law Language and Women expand reflect and refine this central controversy Reaching back to Aristotle and Aquinas and drawing on modern papal encyclicals and Supreme Court cases Pierce demonstrates that the natural law tradition with its doctrine of a supposed hierarchy of natural purpose has served to mystify women s nature and thereby justify restricting women to a predetermined social stratum Addressing issues that concern not only feminism but legal theory as well she defends her views on equality and universalization against a growing postmodern critique and presents rights theory as an alternative to an ethics of responsibility based on Aristotelian notions of friendship and trust Through tightly constructed arguments presented in engaging prose Pierce conveys her deep knowledge of legal philosophy and her passion for rights as she takes on such issues as AIDS gay marriage animal liberation and feminist separatism She combats the prevailing view of Plato as sexist and explores Sartre s views of holes and slime She also examines the work of contemporary authors in ecology biology sociobiology and religion to reveal their reliance on nature for ethical conclusions and she criticizes recent efforts to root a feminist natural law in Thomism With natural law concepts now in fashion with many conservatives and even some Supreme Court justices Pierce s essays offer a necessary perspective on where current legal and ethical thinking is headed Immovable Laws Irresistible Rights is invigorating reading for all scholars students and interested readers who seek a better understanding of these arguments and the issues affected by them

**The Pacific Reporter** ,1917 Comprising all the decisions of the Supreme Courts of California Kansas Oregon Washington Colorado Montana Arizona Nevada Idaho Wyoming Utah New Mexico Oklahoma District Courts of Appeal and Appellate Department of the Superior Court of California and Criminal Court of Appeals of Oklahoma varies      *The Jewish Forum* ,1928      **A Treatise on the Law of Married Women in Texas** Ocie Speer,1901      Wife No. 19 Ann Eliza Young,1875      **Records & Briefs New York State Appellate Division** ,      **Nor Wife Nor Maid** Duchess,1892      Encyclopaedia Britannica: Husband-Italic Hugh Chisholm,1910 This eleventh edition was developed during the encyclopaedia s transition from a British to an American publication Some of its articles were written by the best known scholars of the time and it is considered to be

a landmark encyclopaedia for scholarship and literary style      My Wife's Fool of a Husband Samuel A. Gardner, 1890
