*Is Soviet Defense Policy Becoming Civilianized?* Benjamin S. Lambeth,Rand Corporation,1990 Since Mikhail Gorbachev assumed power in 1985 aspiring players from outside the military have sought to influence the Soviet defense decisionmaking process As a result there has been a significant erosion of the monopoly held by the Defense Ministry and the General Staff in formulating Soviet military programs and policy This report examines the changing structure and context of Soviet defense decisionmaking emphasizing the growing role of civilians in shaping Soviet national security policy If these defense intellectuals and other civilians succeed it may or may not mean an end to the historic competition between the Soviet Union and the West It will however guarantee that any relationship that eventually emerges will entail a more cosmopolitan Soviet adversary and a major alteration in the geopolitical challenge it represents    **Trip Report** Jeffrey Legro,1990 The author accompanied Admiral William Crowe on a nine day Soviet trip in March 1990 This paper documents his observations on individuals they met institutions they visited and issues that were discussed The trip was an extension of the U S Soviet Union military to military exchanges that were initiated under Crowe s leadership at the Joint Chiefs of Staff The Soviet invitation was intended to reciprocate Marshal Sergei Akhromeyev s visit to the United States as well as to provide an opportunity to testify before the Supreme Soviet s Committee on Defense and State Security    *Daily Report* ,1991    RAOP ,1989    **The Annual Obituary** ,1991    **FBIS Daily Report** ,1989    *Worldwide Report* ,1987    A

**Molotov-Ribbentrop Pact** Heiki Lindpere,2009    **The Line of Fire** William J. Crowe,1993 On September 19 1992 Admiral William J Crowe Jr made headlines with his endorsement of Democrat Bill Clinton as President of the United States Washington took sharp notice Crowe a staunch advocate of military strength had served for four years under both Presidents Reagan and Bush as Chairman of the Joint Chiefs of Staff As the top ranking officer in the American military he held all of its branches and forces outposts from the South Pacific to the North Atlantic from Antarctica to Central America under the sweep of his command To this day many Clinton strategists perceive Crowe s endorsement and his subsequent work for

Clinton as one of the campaign's turning points. It was an unexpected move. But Washington luckily had learned to expect surprises from the candid, witty Oklahoman whose tenure as commander was marked by an openness to change rarely encountered in the military hierarchy's upper ranks. As his memoir *The Line of Fire* makes clear, quick change has been a constant in Crowe's career, a fast flight up the chain of command that began just after World War II at the height of the Cold War, reaching its apex with the thaw and the beginning of a new era in foreign relations. Few military men's careers provide such a vantage on so many momentous transitions and events: women in the ranks, the new high tech range of weaponry and machinery, and the rise of a new breed of military leader men like Crowe himself, trained in the halls of Congress as well as on the battlefield. Crowe shows where the military has been and where it must go. He takes us into the secret world of the Pentagon where we see the sophisticated war games staged by the highest officials in the land. He takes us inside the story of the build up of tensions in the Gulf, explaining what we have never really understood about the accidental shoot down of an Iranian Airbus by the cruiser *Vincennes* and about the U.S. raid on Libya, why we never intended to kill Qaddafi, why Caspar Weinberger would never admit that the U.S. did hit the French embassy. Admiral Crowe shows us the most significant military and political events of the last decade as we have never seen them before. Crowe explains why nuclear weapons are our least effective defense, takes a critical look at Desert Storm, an ideal battle situation speculates on the ending of the Cold War. George Bush was only one of the many contributors and tells the story of his special friendship with Marshal of the Soviet Union Sergei Akhromeyev, the Soviet chief of staff who shared many of his concerns about the future of nuclear weapons and U.S.-Soviet relations. As never before, Crowe's memoir explains the world of political maneuvering that lies behind military decision making. From the battlefield to Capitol Hill, Crowe gives a candid, always interesting look at modern military life and his concerns for our future.
