Metaphysics An Adventure In Selfdiscovery:

Metaphysics, An Adventure in Self-Discovery Peter Dennis, 2015-01-15 Have you ever wondered why you are here where you came from or if there isn't a bigger picture Do you know the Creator's purpose How about yours This book is about Metaphysical concepts which in reality are Spiritual concepts That's because meta means beyond and physics refers to the physical Metaphysics then is that branch of Philosophy that deals with the non physical or the Spiritual This book starts with the premise that we are spiritual beings existing in a physical universe each with a specific purpose It explains the nature of creation and our role in it and it sheds considerable light on many of life's Bigger Questions such as the ones cited above As well this book provides clear explanations for many of the spiritual concepts that are important to understanding our own spiritual nature e.g. the densification of energy past life regression channeling laws of the universe extraterrestrials meditation creating the future and a whole host of others As we learn more about these concepts we understand better where we fit in we become more the architect of our destiny and less the victim of chance As well we can glimpse the beauty order and magnificence of the divine plan Indeed developing these insights and understandings is a great adventure and importantly an adventure in self discovery [Hypnosis, Channeling and Raising Consciousness](#) Peter Dennis, 2019-04-15

Peter Dennis is a hypnotist and has done many past life regressions with his clients A few years ago some of Peter's clients while visiting past lives started reporting lives on other planets This prompted Peter to pursue this further and in so doing a number of clients began to channel After five women began Channeling Peter wrote this book detailing some of the concerns inhibitions and fears that these women dealt with as they pursued this adventure After discovering that hypnosis could be a very effective route to Channeling Peter's hypnosis practice is now mainly focused on helping people to become Channelers Peter is not a Channeler but is referred to as a Channeling Facilitator as he helps people to make a Channeling connection strengthen that connection and if the client wishes take that talent to the public More about this can be seen on Peter's website at peterhdennis.com Channeling takes many forms When we get ideas or inspirations chances are that we are Channeling Intuitive flashes can be Channeling Authors songwriters composers inspired speakers all have moments of Channeling This book is not about these more subtle forms of Channeling but rather it's about what might be called Conscious Channeling or Overt Channeling and sometimes Trance Channeling What then is Channeling As you may know our scientists have been telling us that everything at the sub atomic level is composed of a vibrating energy and that everything and everyone has his/her its own unique rate of vibration So for Channeling to work the Channeler has to raise his or her vibration and the sender has to lower its vibration so that a match can be made and a connection established Once that connection is established the sender sends a message telepathically and the receiver or Channeler uses his or her brain voice box vocal cords and perhaps some other things to receive and vocalize that information Like a lot of things in our lives these days we don't have to fully understand how something works to benefit from using it and Channeling is much the same We

don't have to understand the Physics of Channeling in order to figure out if the content of the channeled messages works for us or not This book is also an introduction to Spirituality and it offers many messages and explains many metaphysical concepts It is the Author's hope that you will find that these messages expand your thinking raise a number of new questions and bring you more peace Spirituality, Understanding It and Pursuing It Peter Dennis, 2015-01-15 Do you know exactly what Spirituality is Do you know how spiritual you are and how your spirituality may be trending Are you aware of anything that might be blocking your spiritual growth Any ideas on how you can develop your spirituality Is there any point in becoming more spiritual This book on spirituality answers these questions and it takes on many of life's other big questions such as Who are we What is our purpose What is the nature and purpose of the Creator Some books on these subjects give us definitions and guidance for playing the game of life better This book is a manual for graduating out of the game **The Channeling Connection** Peter Dennis, 2023-09-11 There are three parts to this book Part one explains what channeling is and describes in detail how Peter leads clients through the process of becoming channelers The second part contains 20 profiles of channeled beings These 20 beings were channeled by channelers who Peter has worked with through the past several years Part three outlines what Peter considers to be the top ten messages that these beings are sending to all of humanity at this time The beings featured in this book are Andromedans Angels Anshars Archangels Arcturians Ascended Masters Dragons Gaia Hathors Higher Selves Jesus Pleadians Sirians Soldier Source Spirit Guides The Council of Elders The Divine Realm The Galactic Federation and The Guardians of Light **The Channeling Connection, Book Two** Peter Dennis, 2025-06-05 This Book Two is presented in three parts Part One offers an updated explanation of channeling and describes in detail how Peter guides clients through the process of becoming channelers The second part features 20 new profiles of channeled beings or collectives channeled by channelers Peter has worked with over the past several years Part Three outlines 40 distinct messages that these beings or groups are sending to all of humanity during these times The beings featured in this book include Alert Einstein The Anunnaki Goddess Athena The Blue Avians Buddha The Central Sun Commander Ashtar The Druids The Elementals Kuan Yin St Germain The Lyrans The Mantis Mary Magdalene Merlin Mother Mary The Pyramids The Sasquatch Trees and Water **Toward Recovery of the Primordial Tradition** John Rossner, 1979

Reconstructions in Vedānta Prabas Jivan Chaudhury, 1997 *Tragic Beauty in Whitehead and Japanese Aesthetics* Steve Odin, 2016-05-19 The present volume endeavors to make a contribution to contemporary Whitehead studies by clarifying his axiological process metaphysics including his theory of values concept of aesthetic experience and doctrine of beauty along with his philosophy of art literature and poetry Moreover it establishes an east west dialogue focusing on how Alfred North Whitehead's process aesthetics can be clarified by the traditional Japanese Buddhist sense of evanescent beauty As this east west dialogue unfolds it is shown that there are many striking points of convergence between Whitehead's process aesthetics and the traditional Japanese sense of beauty However the work especially focuses on two of Whitehead's aesthetic categories

including the penumbral beauty of darkness and the tragic beauty of perishability while further demonstrating parallels with the two Japanese aesthetic categories of *y gen* and *aware*. It is clarified how both Whitehead and the Japanese tradition have articulated a poetics of evanescence that celebrates the transience of aesthetic experience and the ephemerality of beauty. Finally it is argued that both Whitehead and Japanese tradition develop an aesthetics of beauty as perishability culminating in a religious aesthetic vision of tragic beauty and its reconciliation in the supreme ecstasy of peace or nirvana.

Redemptive Change R. R. Reno, 2002-04-01 Change is a daily fact of life one that people often have a hard time embracing. But when change does come people do want it to be meaningful to them and to have some enduring value for their lives. In *Redemptive Change* R. R. Reno argues that modern culture fails to offer people the hope of meaningful and enduring change. He shows how modern philosophers have argued that people are self-sufficient that they do not need God to complete their identities and that whatever changes they experience are momentary and of no ultimate significance. Countering modern philosophy Reno contends that the only meaningful change occurs in Christ. At the moment of atonement people experience an enduring change that has momentous consequences for their lives. We matter he says only insofar as we are more dependent upon and changed by Christ. R. R. Reno is Associate Professor of Theology Creighton University Omaha Nebraska and co-author of *Heroism and the Christian Life: Reclaiming Excellence*. **Reflections on Science, Philosophy and Art** Prabas Jivan Chaudhury, 1966 Quill & Quire, 2004 **Jyväskylä studies in the arts**, 1980 The Metaphysical Foundations of American History Roland Van Zandt, 1959 *The Publishers Weekly*, 1987 **The Philosophical Review**, 1991 **Plain Living and High Thinking, Or, Practical Self-culture, Moral, Mental and Physical** W.H. Davenport Adams, 1883 Plain Living and High Thinking; Or, Practical Self-culture: Moral, Mental and Physical William Henry Davenport Adams, 1880 John Barth's Giles Goat-boy Douglas Robinson, 1980 **On Interpretative Activity** Noel Boultong, 2006 The Iconic, Indexical and Intellective are conceptions derived from Charles Sanders Peirce's use of his sign theory. In characterizing different kinds of interpretative activity they can be used to address certain problems in science, technology and the arts. The Eye of Spirit Ken Wilber, 1998 Wilber's widely acknowledged spectrum of consciousness model integrates numerous different and important fields from art and literary theology to cultural studies from anthropology to philosophy. Using the spectrum approach he shows exactly how the essentials of these various fields can be brought together in a coherent, comprehensive and compelling fashion thus providing an integrative vision for the modern and postmodern world.
