Women, Method Acting, and the Hollywood Film Keri Walsh,2021-04-26

Women Method Acting and the Hollywood Film is the first study dedicated to understanding the work of female Method actors on film While Method acting on film has typically been associated with the explosive machismo of actors like Marlon Brando and Robert De Niro this book explores an alternate tradition within the Method the work that women from the Actors Studio did in Hollywood Covering the period from the end of the Second World War until the 1970s this study shows how the women associated with the Actors Studio increasingly used Method acting in ways that were compatible with their burgeoning feminist political commitments and developed a style of feminist Method acting The book examines the complex intersection of Method acting sexuality and gender by analyzing performances such as Kim Hunter s in *A Streetcar Named Desire* Julie Harris s in *The Member of the Wedding* Shelley Winters s in *The Big Knife* Geraldine Page s in *Sweet Bird of Youth* and Jane Fonda s in *Coming Home* Challenging the longstanding assumption that Method acting s approaches were harmful to women and incompatible with feminism this book argues that some of Hollywood s most interesting female actors and leading feminists emerged from the Actors Studio in the period between the 1950s and the 1970s Written for students and scholars of Film Studies Cultural Studies Theatre and Performance Studies and Gender Studies Women Method Acting and the Hollywood Film reshapes the way we think of a central strain in American screen acting and in doing so allows women a new stake in that tradition

Carnicke,2010-02-11 A significant contribution to the literature on screen performance studies *Reframing Screen*

Performance brings the study of film acting up to date. It should be of interest to those within cinema studies as well as general readers. Frank P. Tomasulo, Florida State University. *Reframing Screen Performance* is a groundbreaking study of film acting that challenges the long held belief that great cinematic performances are created in the editing room. Surveying the changing attitudes and practices of film acting from the silent films of Charlie Chaplin to the rise of Lee Strasberg's Actor's Studio in the 1950s to the eclecticism found in contemporary cinema, this volume argues that screen acting is a vital component of film and that it can be understood in the same way as theatrical performance. This richly illustrated volume shows how and why the evocative details of actors' voices, gestures, expressions and actions are as significant as filmic narrative and audiovisual design. The book features in-depth studies of performances by Anjelica Huston, John Cusack and Julianne Moore among others, alongside subtle analyses of directors like Robert Altman and Akira Kurosawa. Sally Potter and Orson Welles. The book bridges the disparate fields of cinema studies and theater studies as it persuasively demonstrates the how theater theory can be illuminate the screen actor's craft. *Reframing Screen Performance* brings the study of film acting into the twenty first century and is an essential text for actors, directors, cinema studies scholars and cinephiles eager to know more about the building blocks of memorable screen performance. the Method itself Its in depth examination of these Stanislavskian techniques seeks to reclaim Method acting from its patriarchal practices and to empower women who act I ve been waiting for someone to write this book for years a thorough going analysis and reconsideration of American approaches to Stanislavsky from a feminist perspective lively intelligent and engaging Phillip Zarrilli University of Exeter Theatre people of any gender will be transformed by Rose Malague s eye opening study An Actress Prepares This book will be useful to all scholars and practitioners determined to make gender equity central to how they hone their craft and their thinking Jill Dolan Princeton University **Readers' Guide to Periodical Literature** Anna Lorraine Guthrie,1929 An author subject index to selected general interest periodicals of reference value in libraries Saturday Review ,1963
