**Process Evaluation of Rural Development Programmes** Arul Anees, 2000

**A Model for Evaluating Teacher Education Programs** Elizabeth Nelli, Norma Nutter, 1984 Prior to presenting a model for evaluating teacher education programs it is pointed out that five major issues must be settled before attempting an evaluation

- 1 the evaluation's purpose
- 2 clients or audience
- 3 specific questions to investigate
- 4 use of an internal or external evaluator or a combination
- 5 dissemination of the evaluation and types of decisions to be made based on its results

The matrix of the model includes the following elements

- 1 the philosophy and basic purposes of the program
- 2 objectives or intended outcomes of the evaluation
- 3 collection and assessment of data
- 4 characteristics of students faculty college policy program budget and administration
- 5 interactions between mentors and students in the actual working curriculum
- 6 outcomes attributable to the program
- 7 external factors impinging on the program
- 8 standards against which the program's quality or value are measured
- 9 judgments on the quality value or effectiveness of the program and its components

These elements their interpretations and their interrelations are described and discussed Four examples are given demonstrating how the model might be applied in actual evaluations JD

**Evaluation of Hospital Information System (HIS) in Advanced Cure Medical Center, UAE** Shijin Prasad, 2015-02-18 Hospital information systems HIS have changed spectacularly since the introduction of computers in health care organizations in Abu Dhabi as per the Health Authority HAAD Standards These changes were inevitable not only because of the changes in the information technology IT but mainly because of the realization of the benefits that a computerized hospital offers Initially HIS incorporated financial and partial patient care systems Later many hospitals started adopting specialized systems in other areas such as Outpatient Department OPD Inpatient Department IPD Emergency Department radiology and laboratory departments Support Service like Facility Management Team Insurance Billing Purchase Medical Records IT and Other Services with more emphasis to patient interest Now major hospitals and clinics are focusing on complete Paperless HIS by using Electronic Health Records EHR Electronic Medical Records EMR and E Authorizations of Insurance Approvals As a result the number of the organizational personnel who directly interact daily with computers has also recorded an explosive growth and changing the facilities to Paperless Environment Due to the complex environment that hospitals function in the use of HIS has become very important is of importance When choosing an Information System IS hospitals must avoid pitfalls and errors in order to achieve a

sustainable computer management information system The chain or cascade involved in this system include supplier vendor local hospital environment and administration on campus IT staff continuous quality improvement and end users Therefore the evaluation of HISs is an extremely important issue which helps to test the effectiveness of these systems According to DeLone and McLean 1992 the most widely known measure of IS evaluation is user satisfaction The literature suggests that user satisfaction can play a vital role and can affect users behavior toward computer use which in turn can also affect the actual usage of the system     An Organizational Critique of Evaluation Research Richard Casey Hardin,1982     Handbook of Evaluation Research Elmer Louis Struening,Marcia Guttentag,1975-11 Covers the methods and strategies of evaluation as well as the special evaluation requirements of specific research programs     *Media Asia* ,1984
