Institute,2012-07-15 A compendium of funny feline facts and strange stories even more entertaining than a stuffed mouse on a stick The relationship between cats and us lower animals cannot be summed up in mere words but leave it to Uncle John to try anyway Curl up with the Cat Lover s Companion and you ll explore the unique amusing and mysterious side of the common housecat Felis domesticus Read about the origins of your favorite breeds meet some kitty movie stars and decipher those strange feline mannerisms Then take a catnap Then run wildly around your house for no apparent reason Then read about a cat raised by a gorilla a cat that uses the toilet for its intended purpose and much much more **Fresh From the**

Word 2014 Nathan Eddy,2013-09-18 Fresh From the Word the Bible for a Change will inspire your reading of the Bible in a changing world Bringing together top theologians and biblical scholars cutting edge church leaders activists for peace and justice and a range of others Fresh From the Word offers 365 sets of notes prayers and suggestions for action on biblical themes **Singin' in the Rain** Earl J. Hess,Pratibha A. Dabholkar,2009 This title combines prose with scholarship to

provide the complete inside story of how Singin in the Rain was made marketed and received *Hollywood by Hollywood* Steven Cohan,2019 The backstudio picture or the movie about movie making is a staple of Hollywood film production harking back to the silent era and extending to the present day What gives backstudios their coherence as a distinctive genre Steven Cohan argues in Hollywood by Hollywood is their fascination with the mystique of Hollywood as a geographic place a self contained industry and a fantasy of fame leisure sexual freedom and modernity Yet by the same token if backstudio pictures have rarely achieved blockbuster box office success what accounts for the film industry s interest in continuing to produce them The backstudio picture has been an enduring genre because aside from offering a director or writer a chance to settle old scores in branding filmmaking with the Hollywood mystique the genre solicits consumers strong investment in the movies Whether inspiring the movie crazy fan girls of the early teens and twenties or the wannabe filmmakers of this century heading to the West Coast after their college graduations backstudios have given emotional weight and cultural heft to filmmaking as the quintessential American success story But more than that a backstudio picture is concerned with shaping perceptions of how the film industry works with masking how its product depends upon an industrial labor force including stardom and with determining how that work s value accrues from the Hollywood brand stamped onto the product Cohan supports his well theorized and well researched claims with nuanced discussions of over fifty backstudios some canonical and well known and others obscure and rarely seen Covering the hundred year timespan of feature length film production Hollywood by Hollywood offers an illuminating perspective for considering anew the history of American movies

America's Corporate Art Jerome Christensen,2012-01-11 Contrary to theories of single person authorship America s

Corporate Art argues that the corporate studio is the author of Hollywood motion pictures both during the classical era of the

studio system and beyond when studios became players in global dramas staged by massive entertainment conglomerates. Hollywood movies are examples of a commodity that until the digital age was rare: a self-advertising artifact that markets the studio's brand in the very act of consumption. The book covers the history of corporate authorship through the antithetical visions of two of the most dominant Hollywood studios: Warner Bros and MGM. During the classical era, these studios promoted their brands as competing social visions in strategically significant pictures such as MGM's *Singin' in the Rain* and Warner's *The Fountainhead*. Christensen follows the studios' divergent fates as MGM declined into a valuable and portable logo while Warner Bros employed *Batman*, *JFK*, and *You've Got Mail* to seal deals that made it the biggest entertainment corporation in the world. The book concludes with an analysis of the Disney-Pixar merger and the first two *Toy Story* movies in light of the recent judicial extension of constitutional rights of the corporate person.

The Women I Think About at Night Mia Kankimäki, 2021-12-07. What can a forty-something childless woman do? Bored with her life and feeling stuck, Mia Kankimäki leaves her job, sells her apartment, and decides to travel the world following the paths of the female explorers and artists from history who have long inspired her. She flies to Tanzania and then to Kenya to see where Karen Blixen of *Out of Africa* fame lived in the 1920s. In Japan, Mia attempts to cure her depression while researching Yayoi Kusama, the contemporary artist who has voluntarily lived in a psychiatric hospital for decades. In Italy, Mia spends her days looking for the works of forgotten Renaissance women painters of the Uffizi Gallery in Florence and finally finds her heroines in the portraits of Sofonisba Anguissola, Lavinia Fontana, and Artemisia Gentileschi. If these women could make it in the world hundreds of years ago, why can't Mia?
