Mission of the Church Jerome Boone, Jerald Daffe, William Effler, Henry Smith, 2018-05-30 What is the mission of the corporate church What is the mission of local churches regardless of denominations What is the reason for the existence of the local church These three questions not only deserve consideration by leadership but also need to be understood by the entire membership to enable productive kingdom work It is so easy for a congregation to develop programs and activities based on what other groups are doing or on what are the perceived needs of the moment These do have value however they tend to be based on our human concepts rather than the directives of Scripture Terry Cross Dean of the School of Religion at Lee University describes this book as follows Another book on the church This one is different Thirteen seasoned professors with some 400 years of combined ministerial experience engage various aspects of the mission of the church Much like the pulse that beats from a strong heart the idea of partnering with God's mission as transformed participants in God's work reappears throughout the chapters While the focus of attention is different for each author the theme beats the same pulse throughout the mission of God is the heart of God and must be the heart of the church With additional contributions from Bob Bayles Terry Cross Rolando Cuellar Tom Doolittle Jimmy Harper John Lombard Lisa Long Edley Moodley Mark Walker

Keown, 2021-12-23 Romans is a missional document Yet strangely while many recognize the missional aspects of Romans few monographs are totally devoted to unpacking Romans from a missional perspective Romans and the Mission of God does this very thing Part one explores the background of the letter with an eye to positioning Romans in the story of the mission of God the apostle the Roman world and the early church Part two considers how Romans is a contextually shaped presentation of the gospel A range of other aspects of the way in which Paul shapes his message for the Romans are explored including salvation history metaphors and rhetorical techniques and aspects of the letter including elements opposed to God salvation ideas human response ethics and Christian living and the eschaton Part three delves into issues that arise in Romans that are important for contemporary mission These include such things as the cosmic scope of the mission the gospel as the power of salvation who does evangelism the miraculous social justice ecology social transformation generosity and hospitality God's sovereignty and human volition prayer the State culture Israel apologetics and theological thinking This is a must read for those serious about Paul Romans and God's mission

**The Sense of Mission in Russian Foreign Policy** Alicja Curanović, 2021-03-04 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia's mission in Tsarist

times that the sense of mission matters more for Russia's elites than for Russia's masses and that Russia's special mission is emphasised more when there are questions about the regime's legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy *The Social Mission of the U.S. Catholic Church* Charles E. Curran, 2010-12-16 How does the Church function in the world What is it called to do and what does it actually do Charles E Curran explores the social mission of the U S Catholic Church from a theological perspective analyzing and assessing four aspects the importance of social mission who carries it out how it is carried out and the roles that the Church and individual Catholics play in supporting these efforts In the early and mid twentieth century the Catholic Church in the United States tended to focus its social mission on its own charities hospitals and schools But the Second Vatican Council called the Church to a new understanding of social mission deepening its involvement in and commitment to civic social and political life in the United States and abroad Curran devotes particular attention to three issues that have reflected the Church's strong sense of social mission since that time abortion war and peace and labor The Social Mission of the U S Catholic Church describes the proper role of bishops institutions and movements in the Church but insists that the primary role belongs to all the baptized members of the Church as they live out the social mission in their daily lives

**Strengthening the National Institute of Justice** National Research Council, Division of Behavioral and Social Sciences and Education, Committee on Law and Justice, Committee on Assessing the Research Program of the National Institute of Justice, 2010-11-14 The National Institute of Justice NIJ is the nation's primary resource for advancing scientific research development and evaluation on crime and crime control and the administration of justice in the United States Headed by a presidentially appointed director it is one of the major units in the Office of Justice Programs OJP of the U S Department of Justice Under its authorizing legislation NIJ awards grants and contracts to a variety of public and private organizations and individuals At the request of NIJ Strengthening the National Institute of Justice assesses the operations and quality of the full range of its programs These include social science research science and technology research and development capacity building and technology assistance The book concludes that a federal research institute such as NIJ is vital to the nation's continuing efforts to control crime and administer justice No other federal state local or private organization can do what NIJ was created to do Forty years ago Congress envisioned a science agency dedicated to building knowledge to support crime prevention and control by developing a wide range of techniques for dealing with individual offenders identifying injustices and biases in the administration of justice and supporting more basic and operational research on crime and the criminal justice system and the involvement of the community in crime control efforts As the embodiment of that vision NIJ has accomplished a great deal It has succeeded in developing a body of knowledge on such important topics as hot spots policing

violence against women the role of firearms and drugs in crime drug courts and forensic DNA analysis It has helped build the crime and justice research infrastructure It has also widely disseminated the results of its research programs to help guide practice and policy But its efforts have been severely hampered by a lack of independence authority and discretionary resources to carry out its mission
