had only their feet a bicycle or a costly horse and carriage ride for transportation through the muddy urban streets The way the city developed was dependent on public transit and even modern transit is very much indebted to the earliest plans As well as a history of transit this book explores the dramatic ways Vancouver was changing at the turn of the 20th century It reveals the individuals and the groups who were involved in carving the city from the wilderness and creating a glamorous metropolis Over 150 archival images of classic streetcars and conductors city streets and buildings reveal Vancouver as it was then Canadian Book Review Annual ,2007 *Lean Out* Tara Henley,2020-03-24 INSTANT NATIONAL BESTSELLER Travel to the land of Couldn't Be More Timely Margaret Atwood on *Lean Out* in the West End Phoenix What begins as one woman's critique of our culture of overwork and productivity ultimately becomes an investigation into our most urgent problems vast inequality loneliness economic precarity and isolation from the natural world Henley punctures the myths of the meritocracy in a way few writers have This is an essential book for our time Mandy Len Catron author of *How to Fall in Love with Anyone* A deeply personal and informed reflection on the modern world and why so many feel disillusioned by it In 2016 journalist Tara Henley was at the top of her game working in Canadian media She had traveled the world from Soweto to Bangkok and Borneo to Brooklyn interviewing authors and community leaders politicians and Hollywood celebrities But when she started getting chest pains at her desk in the newsroom none of that seemed to matter The health crisis not cardiac it turned out but anxiety forced her to step off the media treadmill and examine her life and the stressful twenty first century world around her Henley was not alone North America was facing an epidemic of lifestyle related health problems And yet the culture was continually celebrating the elite few who thrived in the always on work world those who perpetually leaned in Henley realized that if we wanted innovative solutions to the wave of burnout and stress related illness it was time to talk to those who had leaned out Part memoir part travelogue and part investigation *Lean Out* tracks Henley's journey from the heart of the connected city to the fringe communities that surround it From early retirement enthusiasts in urban British Columbia to moneyless men in rural Ireland Henley uncovers a parallel track in which everyday citizens are quietly dropping out of the mainstream and reclaiming their lives from overwork Underlying these disparate movements is a rejection of consumerism a growing appetite for social contribution and a quest for meaningful connection in this era of extreme isolation and loneliness As she connects the dots between anxiety and overwork Henley confronts the biggest issues of our time
