Michael Sweerts (1618-1664) Rolf Kultzen, Michiel Sweerts, 1996 Overzicht van het werk van de Zuidnederlandse genre en portretschilder 1624-1664 **Curious World of Michael Sweerts, 1618-1664** Guido Jansen, Peter C. Sutton, Jonathan Bikker, Michiel Sweerts, Rijksmuseum (Netherlands), Fine Arts Museums of San Francisco, Wadsworth Atheneum Museum of Art, 2002 **The Wrightsman Pictures** Jayne Wrightsman, 2005 This lavish catalogue presents 150 European paintings, pastels and drawings from the late fifteenth to the mid nineteenth century that have been given to the Metropolitan Museum by Mr and Mrs Charles Wrightsman or are still held in Mrs Wrightsman's private collection. These notable works were collected over the past four decades, many of them with the Museum in mind; some were purchased by the Museum through the Wrightsman Fund. Highlights of the book include masterpieces by Vermeer, El Greco, Rubens, Van Dyck, Georges de La Tour, Jacques-Louis David and Caspar David Friedrich, as well as numerous paintings by the eighteenth-century Venetian artists Canaletto, Guardi and the Tiepolos, father and son, plus a dozen remarkable portrait drawings by Ingres. Each work is reproduced in color and is accompanied by a short essay.

Gardens and Academies in Early Modern Italy and Beyond Denis Ribouillault, 2024-10-21 This collection of essays explores the role of gardens in early modern academies and conversely the place of what might be called academic culture in early modern gardens. While studies of botanical gardens have often focused on their association with a research institution, the intention of this book is deliberately broader, seeking to explore the interconnections between the built environment of the early modern garden and the more or less organised social and intellectual life it supported. As such, the book contributes to the intersection of several fields of research: garden history, literary history, architectural history and socio-political history, and considers the garden as a site of performance that requires an intermedial approach.

James McNeill Whistler: an Evolution of Painting from the Old Masters: Identified By Two Missing Masterpieces Angelle M. Vinet, 2017-07-12 The discovery of this masterpiece, Whistler's Portrait of William Merritt Chase, along with another important Whistler painting, *Harmony in Black* No. 10, reveals exciting new discoveries on Whistler's artistic methods from the Old Masters and the artistic truisms of the Renaissance. Documented analysis, including x-ray examination, forensics and recognized paintings by Whistler's followers, will confirm this portrait and *Harmony in Black* No. 10, with x-ray revealing two lost paintings. These Whistler paintings connect scholarship and identify paintings worthy of merit and what makes a masterpiece a masterpiece.
