Michelangelo The Popes Ceiling:

Michelangelo and the Pope's Ceiling Ross King,2014-10-14 Recounts Michelangelo s creation of his masterpiece the ceiling of the Sistine Chapel from his commission from Pope Julius II through the artist s four years of work to the final acclaim at the paintings 1512 unveiling [Michelangelo & the Pope's Ceiling](#) R. King,2003-11-01 *Michelangelo and the Popes Ceiling(Signed)* Ross King,2002-10-01 **Summary of Ross King's Michelangelo and the Pope's Ceiling** Everest Media,2022-06-21T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Michelangelo was summoned back to Rome in April 1508 to resume work on the tomb of Pope Julius II which was supposed to be the most beautiful work of marble in Rome However he had been brought back to Florence to complete another statue 2 The Pope wanted Michelangelo to sculpt his tomb and he sent him to Rome to do so The tomb was to be the largest since the mausoleums built for Roman emperors such as Hadrian and Augustus 3 By 1505 the walls of St Peter s were leaning six feet out of true Julius decided to have the basilica demolished and a new one built in its place The destruction of the oldest and holiest church in Christendom had begun by the time Michelangelo returned from Carrara 4 The Pope s official architect Giuliano da Sangallo designed the new basilica He had also repaired Santa Maria Maggiore one of Rome s most ancient churches and gilded its ceiling with what was said to be the first gold ever brought back from the New World

Michelangelo and the Sistine Chapel Andrew Graham-Dixon,2009-02-02 You cannot stand underneath the masterwork that is the Sistine Chapel without considering the genius and painstaking work that went into its creation Michelangelo Buonarroti never wanted to paint the Sistine Chapel though Appointed by the temperamental Julius II Michelangelo believed the suspiciously large scale project to be a plot for failure conspired by his rivals and the Warrior Pope After all Michelangelo was not a painter he was a sculptor The noble artist reluctantly took on the daunting task that would damage his neck back and eyes if you have ever strained to admire the real thing you know Andrew Graham Dixon tells the story behind the famous painted ceiling over which the great artist painfully toiled for four long years Linking Michelangelo s personal life to his work on the Sistine Chapel Graham Dixon describes Michelangelo s unique depiction of the Book of Genesis tackles ambiguities in the work and details the painstaking work that went into Michelangelo s magnificent creation Complete with rich full color illustrations and Graham Dixon s articulate narrative Michelangelo and the Sistine Chapel is an indispensable and significant piece of art criticism It humanizes this heavenly masterpiece in a way that every art enthusiast student and professional can understand and appreciate **Michelangelo and the Pope's Ceiling** Ross King,2014-10-14 From the acclaimed author of Brunelleschi s Dome and Leonardo and the Last Supper the riveting story of how Michelangelo against all odds created the masterpiece that has ever since adorned the ceiling of the Sistine Chapel In 1508 despite strong advice to the contrary the powerful Pope Julius II commissioned Michelangelo Buonarroti to paint the ceiling of the newly restored Sistine Chapel in Rome Despite having completed his masterful statue David four years earlier he had little experience as a painter even less

working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling's vaults. The temperamental Michelangelo was himself reluctant. He stormed away from Rome incurring Julius's wrath before he was eventually persuaded to begin. Michelangelo and the Pope's Ceiling recounts the fascinating story of the four extraordinary years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him. A panorama of illustrious figures intersected during this time: the brilliant young painter Raphael with whom Michelangelo formed a rivalry; the fiery preacher Girolamo Savonarola; and the great Dutch scholar Desiderius Erasmus, a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him. Ross King blends these figures into a magnificent tapestry of day-to-day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth-century Italy while also offering uncommon insight into the connection between art and history.
