The Death of Aztec Tenochtitlan, the Life of Mexico City Barbara E. Mundy, 2015-07-15 Winner Book Prize in Latin American Studies Colonial Section of Latin American Studies Association LASA 2016 ALAA Book Award Association for Latin American Art Arvey Foundation 2016 The capital of the Aztec empire Tenochtitlan was in its era one of the largest cities in the world Built on an island in the middle of a shallow lake its population numbered perhaps 150 000 with another 350 000 people in the urban network clustered around the lake shores In 1521 at the height of Tenochtitlan's power which extended over much of Central Mexico Hernando Cortés and his followers conquered the city Cortés boasted to King Charles V of Spain that Tenochtitlan was destroyed and razed to the ground But was it Drawing on period representations of the city in sculptures texts and maps The Death of Aztec Tenochtitlan the Life of Mexico City builds a convincing case that this global capital remained through the sixteenth century very much an Amerindian city Barbara E Mundy foregrounds the role the city's indigenous peoples the Nahua played in shaping Mexico City through the construction of permanent architecture and engagement in ceremonial actions She demonstrates that the Aztec ruling elites who retained power even after the conquest were instrumental in building and then rebuilding the city Mundy shows how the Nahua entered into mutually advantageous alliances with the Franciscans to maintain the city's sacred nodes She also focuses on the practical and symbolic role of the city's extraordinary waterworks the product of a massive ecological manipulation begun in the fifteenth century to reveal how the Nahua struggled to maintain control of water resources in early Mexico City Resurrecting Tenochtitlan Delia Cosentino, Adriana Zavala, 2023-05-16 How Mexican artists and intellectuals created a new identity for modern Mexico City through its ties to Aztec Tenochtitlan The True Mexico, Mexico-Tenochtitlan Alfred Louis Deverdun, 1938

Tenochtitlan Eduardo Matos Moctezuma, 1988 The Aztecs have fascinated and horrified Westerners for centuries After Cortes extraordinary conquest of the New World's most powerful civilization in 1521 the Aztec capital Tenochtitlan was levelled and its Great Temple demolished Soon even the location of the old cult centre was lost until 1978 when tunnelling for Mexico City's subway system unearthed clues that led to the rediscovery of the Great Temple and the most spectacular series of excavations ever conducted in Mexico Tenochtitlan Charles River Charles River Editors, Jesse Harasta, 2018-02 Includes pictures Explains the history of Tenochtitlan from its founding to its destruction by Cortes and the Spanish Includes descriptions of Tenochtitlan by Spanish conquistadors including Cortes 1520 letter to Holy Roman Emperor Charles V Describes the layout of Tenochtitlan and its important structures Includes footnotes and a bibliography for further reading When we saw so many cities and villages built in the water and other great towns on dry land we were amazed and said that it was like the enchantments they tell of in the legend of Amadis on account of the great towers and buildings rising from the water and all built of masonry And some of our soldiers even asked whether the things that we saw were not a dream I do not know how to describe it seeing things as we did that had never been heard of or seen before not even dreamed about Bernal

D az del Castillo Mexico City is now easily the largest city in the Western Hemisphere trailing only Tokyo internationally but unlike the other great cities of the Americas Mexico City is not a new place Mexico City instead has much in common with cities like London Delhi or Cairo in the East in that it is an ancient city dating back centuries before the arrival of Columbus in Hispa ola For while much including the name has changed Mexico City is the mighty Tenochtitlan capital of the Aztec Empire and the great American metropolis of the Spanish Empire There has been no break in occupation and despite much devastation in the Conquest the city was never fully destroyed Indeed from the moment Spanish conquistador Hernan Cort s first found and confronted them the Aztecs have fascinated the world and they continue to hold a unique place both culturally and in pop culture Nearly 500 years after the Spanish conquered their mighty empire the Aztecs are often remembered today for their major capital Tenochtitlan as well as being fierce conquerors of the Valley of Mexico who often engaged in human sacrifice rituals But thanks to the Spanish conquest even though the Aztecs continue to interest people across the world centuries after their demise it has fallen on archaeologists and historians to try to determine the actual history culture and lives of the Aztecs from the beginning to the end relying on excavations primary accounts and more Much of what is known today does come from the Conquistadores and what those men encountered was entirely unexpected one of the world s greatest cities teeming with over 200 000 people built on an island on a lake and connected to the shore by a number of long broad stone causeways On the water itself were remarkable floating gardens on surrounding shorelines were sprawling suburbs and behind them was a dramatic wall of mountain peaks Tenochtitlan The History of the Aztec s Most Famous City comprehensively covers the history of the city examining what life was like in the great city who ruled the city and what the day to day existence of all sorts of Tenocha people of the city was like Along with pictures and a bibliography you will learn about Tenochtitlan like you never have before in no time at all

City of Sacrifice David Carrasco,2000-12-08 At an excavation of the Great Aztec Temple in Mexico City amid carvings of skulls and a dismembered warrior goddess David Carrasco stood before a container filled with the decorated bones of infants and children It was the site of a massive human sacrifice and for Carrasco the center of fiercely provocative questions If ritual violence against humans was a profound necessity for the Aztecs in their capital city is it central to the construction of social order and the authority of city states Is civilization built on violence In City of Sacrifice Carrasco chronicles the fascinating story of Tenochtitlan the Aztec capital investigating Aztec religious practices and demonstrating that religious violence was integral to urbanization the city itself was a temple to the gods That Mexico City the largest city on earth was built on the ruins of Tenochtitlan is a point Carrasco poignantly considers in his comparison of urban life from antiquity to modernity Majestic in scope City of Sacrifice illuminates not only the rich history of a major Meso american city but also the inseparability of two passionate human impulses urbanization and religious engagement It has much to tell us about many familiar events in our own time from suicide bombings in Tel Aviv to rape and murder in the Balkans
