**Guide 1995** Mick Martin, Marsha Porter, 1994 *The Accountability Circle* Sam Silverstein, 2020-11-09 We are responsible for things but we are accountable to people When we discover our own unique purpose and then make and keep personal commitments that support that purpose that is accountability If everyone in the Accountability Circle makes and keeps those commitments then accountability becomes a way of life Sam Silverstein THE ACCOUNTABILITY CIRCLE gives you a trusted group of Accountability Partners for your life your career and your business They support you in identifying and acting on your Purpose your Mission and your Values and you support them in turn THE ACCOUNTABILITY CIRCLE is where you go to become the best person you can be It is much more than a mastermind group It goes far deeper than networking and sharing best business practices It is about becoming a truly accountable person and a leader in your own life THE ACCOUNTABILITY CIRCLE goes far beyond your current circle of friends and creates a powerful group of allies who are focused on your best interests based on your unique purpose and mission THE ACCOUNTABILITY CIRCLE is the ultimate personal development strategy and the critical leadership advantage We all want to reach our potential become the best version of ourselves and get the most we possibly can out of life We all want to maximize our impact and leave a legacy that inspires other people to be their best For most of us the problem is not that we are not trying to be our best The real problem is that we are unable to see and understand fully what our very best can be We may think that we have to create our own solutions and cannot ask for help However this vision of a self reliant accountability is wrong In fact everything we have been taught about accountability is wrong Accountability is not about having to prove ourselves create some original idea or live an independent life and it is certainly not about holding others accountable Quite the contrary accountability is all about commitments and interdependence We need other people to help us to be our very best and we need to help other people to be their very best It is in helping others fulfill their potential that we identify and achieve our own true potential Action always comes with belief When you begin taking action with full accountability in your Accountability Circle you will begin to see people differently show up differently commit differently and bring people into your life differently By building accountable relationships you will open yourself up to unrealized opportunities for growth and outreach Sam Silverstein's *The Accountability Circle* shows you how to unlock the power of your own purpose and learn how your best self can be discovered through the eyes of people who truly care about you This discovery results not just in more meaningful relationships within the Circle but in the capacity to cultivate stronger relationships outside the Circle Building on the commitments you make and inspire you can achieve major life goals and make deeper contributions in your home life your workplace and the larger
