Essays on the Self Michel de Montaigne,2016-10-27 The essays of Michel Eyquem de Montaigne the 16th century French philosopher are an obvious addition to the Notting Hill Editions Classic Collection due to the masterful balance of intellectual knowledge and personal story telling conveyed in his writing He popularised the genre of the essay form coining the term from the French verb *essayer* translated literally as attempts or trials This selection is introduced by Tim Parks and is from the M A Creech translation In this collection Montaigne ponders the great and small questions of life and subjects as diverse as education fear reading and death Throughout his essays he attempts to reach a deeper understanding of himself and in so doing he touches on the greater human condition His natural curiosity for life shines through in his lively at times rambling pieces and the charm of his writing continues to captivate modern readers Montaigne indicates a direction western thinking could have taken and alas didn't *Essays of Michel de Montaigne* Michel De Montaigne,2014-05-22 This collection of literature attempts to compile many of the classic timeless works that have stood the test of time and offer them at a reduced affordable price in an attractive volume so that everyone can enjoy them Michel de Montaigne Words of Wisdom Michel De Montaigne,2016-06-30 Michel de Montaigne was one of the most significant philosophers of the French Renaissance known for popularizing the essay as a literary genre His work is noted for its merging of casual anecdotes and autobiography with serious intellectual insight his massive volume *Essais* translated literally as Attempts or Trials contains some of the most influential essays ever written Montaigne had a direct influence on writers all over the world including Francis Bacon Rene Descartes Blaise Pascal Jean Jacques Rousseau Albert Hirschman William Hazlitt Ralph Waldo Emerson Friedrich Nietzsche Stefan Zweig Eric Hoffer Isaac Asimov and possibly on the later works of William Shakespeare In his own lifetime Montaigne was admired more as a statesman than as an author The tendency in his essays to digress into anecdotes and personal ruminations was seen as detrimental to proper style rather than as an innovation and his declaration that I am myself the

matter of my book was viewed by his contemporaries as self indulgent In time however Montaigne would come to be recognized as embodying perhaps better than any other author of his time the spirit of freely entertaining doubt which began to emerge at that time He is most famously known for his skeptical remark Que scay je What do I know in Middle French now rendered as Que sais je in modern French Remarkably modern even to readers today Montaigne s attempt to examine the world through the lens of the only thing he can depend on implicitly his own judgment makes him more accessible to modern readers than any other author of the Renaissance Much of modern literary non fiction has found inspiration in Montaigne and writers of all kinds continue to read him for his masterful balance of intellectual knowledge and personal storytelling
