This thesis aims to realize how influencer marketing performs and its impact on the Cx. Therefore the research addresses the following questions:

How powerful are influencers these days? What is different about influencer marketing and why is it a successful strategy?

How do people perceive information shared by influencers and which factors are decisive for potential customers to purchase products advertised by influencers?

What impact does an influencer have on the overall Cx?

The internet has been fully integrated into people's daily lives worldwide over the past years. The percentage of the world's population with access to the internet has doubled from 32% in 2011 to 63% in 2021. 90% of people from developed countries access the internet in 2021.

At the same time, the number of social network users is increasing. These networks have the purpose of connecting with friends. In 2022, 5 billion people have access to the internet worldwide and 4.7 billion people use social media.
