Stay Black and Die I. Augustus Durham,2023-11-17 In *Stay Black and Die* I Augustus Durham examines melancholy and genius in black culture letters and media from the nineteenth century to the contemporary moment Drawing on psychoanalysis affect theory and black studies Durham explores the black mother as both a lost object and a found subject often obscured when constituting a cultural legacy of genius across history He analyzes the works of Frederick Douglass Ralph Ellison Marvin Gaye Octavia E Butler and Kendrick Lamar to show how black cultural practices and aesthetics abstract and reveal the lost mother through performance Whether attributing Douglass s intellect to his matrilineage reading Gaye s falsetto singing voice as a move to interpolate black female vocality or examining the women in Ellison s life who encouraged his aesthetic interests Durham demonstrates that melancholy becomes the catalyst for genius and genius in turn is a signifier of the maternal Using psychoanalysis to develop a theory of racial melancholy while playing with affect theory to investigate racial aesthetics Durham theorizes the role of the feminine especially the black maternal in the production of black masculinist genius

The Hip Hop Movement Reiland Rabaka,2013-04-04 The Hip Hop Movement offers a critical theory and alternative history of rap music and hip hop culture by examining their roots in the popular musics and popular cultures of the Civil Rights Movement and Black Power Movement Connecting classic rhythm blues and rock roll to the Civil Rights Movement and classic soul and funk to the Black Power Movement The Hip Hop Movement explores what each of these musics and movements contributed to rap neo soul hip hop culture and the broader Hip Hop Movement Ultimately this book s remixes as opposed to chapters reveal that black popular music and black popular culture have always been more than merely popular music and popular culture in the conventional sense and reflect a broader social political and cultural movement With this in mind sociologist and musicologist Reiland Rabaka critically reinterprets rap and neo soul as popular expressions of the politics social visions and cultural values of a contemporary multi issue movement the Hip Hop Movement Rabaka argues that rap music hip hop culture and the Hip Hop Movement are as deserving of critical scholarly inquiry as previous black popular musics such as the spirituals blues ragtime jazz rhythm blues rock roll soul and funk and previous black popular movements such as the Black Women s Club Movement New Negro Movement Harlem Renaissance Civil Rights Movement Black Power Movement Black Arts Movement and Black Women s Liberation Movement This volume equal parts alternative history of hip hop and critical theory of hip hop challenges those scholars critics and fans of hip hop who lopsidedly over focus on commercial rap pop rap and gangsta rap while failing to acknowledge that there are more than three dozen genres of rap music and many other socially and politically progressive forms of hip hop culture beyond DJing MCing rapping beat making break dancing and
