Orchids Are Easy To Grow:

Orchids Are Easy to Grow Harry B. Logan, Lloyd C. Cosper, 2009-07 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **How to Grow Native Orchids in Gardens Large and Small** Wilson Wall, Dave Morgan, 2019-09-05 A beautifully illustrated step by step guide to growing native orchids from seed in your garden. Learn how to cherish these remarkable flowers and help them flourish in their natural habitat with this easy to use guide. Native orchids are neither difficult to cultivate nor require special conditions to thrive and while a large meadow may be beyond the reach of most, the corner of a garden or a pot on a patio can provide a home to a spectacular display. This unique book includes valuable information on which species of orchids will work in your garden and what companion plants to grow next to them, as well as instructions on how to grow orchids from seed or in a container and how to start an orchid meadow or add orchids to an orchard, preserving and promoting local ecosystems. Beautifully illustrated throughout with photographs and illustrations, this essential guide will show you how easy it is to grow native orchids and how to create a protected environment in which declining species can thrive undisturbed.

101 Easy to Grow Orchids Wilma Rittershausen, Brian Rittershausen, Derek Cranch, 2005-08 This guide tells you everything you need to know about growing orchids. From selecting the right plant to providing proper growing conditions, it will help you to find the orchid that is just right for you. Every orchid profile gives a description of the plant and its flowers, when it blooms, how often it blooms, best position for it, care and maintenance. There is also a troubleshooting section that helps you identify problems such as sunburn, viruses, mealybugs, red spider mites and more. It also shows you how to deal with these problems. Orchids have a timeless beauty and with the new hybrids and improved methods of propagation, they are now easy to grow. [Orchids For Dummies](#) Steven A. Frowine, National Gardening Association, 2022-02-18 Become a plant parent to some of the most stunning flowering plants you've ever seen. Orchids display more beautiful and exotic flowers than you'll find on other flowering plants, but they do require some love and care to grow well. With help from *Orchids For Dummies*, anyone can be successful in growing and flowering these gorgeous and fragrant plants in their garden or home. This step by step guide shows you how to select orchids that will thrive in your own unique environment and how to water, fertilize, repot and propagate them on your own. You'll learn to decipher complicated orchid names, phalaenopsis and more, and create spectacular displays. You'll also discover new information about updated plant and orchid classification systems so you can know what to buy at your local garden center or store. Expanded info on moth orchids, one of the most popular varieties of the plant sold in the world today. Updated instructions on which pesticides, fertilizers and potting materials you should be using.
