AMERICAN CATHOLIC HISTORY

Orestes A Brownson A Definitive Biograph

Lance Newman

Orestes A Brownson A Definitive Biograph:

Orestes A. Brownson Thomas Richard Ryan,1976 **Orestes A. Brownson** Thomas Richard Ryan,1976 **Friends of the Unrighteous Mammon** Stewart Davenport,2008-09-15 What did Protestants in America think about capitalism when capitalism was first something to be thought about The Bible told antebellum Christians that they could not serve both God and mammon but in the midst of the market revolution most of them simultaneously held on to their faith while working furiously to make a place for themselves in a changing economic landscape In Friends of the Unrighteous Mammon Stewart Davenport explores this paradoxical partnership of transcendent religious values and earthly pragmatic objectives ultimately concluding that religious and ethical commitments rather than political or social forces shaped responses to market capitalism in the northern states in the antebellum period Drawing on diverse primary sources Davenport identifies three distinct Christian responses to market capitalism assurance from clerical economists who believed in the righteousness of economic development opposition from contrarians who resisted the changes around them and adaptation by the pastoral moralists who modified their faith to meet the ethical challenges of the changing economy Delving into the minds of antebellum Christians as they considered themselves their God and their developing American economy Friends of the Unrighteous Mammon is an ambitious intellectual history of an important development in American religious and economic life

Varieties of Transcendental Experience Donald L. Gelpi,2007-08-15 This study traces the critique of Enlightenment modernism that began with Ralph Waldo Emerson and culminated in the thought of Charles Sanders Peirce and the mature Josiah Royce Varieties of Transcendental Experience argues that these thinkers provide a constructive alternative to deconstructionist postmodernism that is compatible with the Christian faith

Dagger John John Loughery,2018-03-15 Acclaimed biographer John Loughery tells the story of John Hughes son of Ireland friend of William Seward and James Buchanan founder of St John's College now Fordham University builder of Saint Patrick's Cathedral on Fifth Avenue pioneer of parochial school education and American diplomat As archbishop of the Archdiocese of New York in the 1840 and 1850s and the most famous Roman Catholic in America Hughes defended Catholic institutions in a time of nativist bigotry and church burnings and worked tirelessly to help Irish Catholic immigrants find acceptance in their new homeland His galvanizing and protecting work and pugnacious style earned him the epithet Dagger John When the interests of his church and ethnic community were at stake Hughes acted with purpose and clarity In Dagger John Loughery reveals Hughes's life as it unfolded amid turbulent times for the religious and ethnic minority he represented Hughes the public figure comes to the fore illuminated by Loughery's retelling of his interactions with and responses to every major figure of his era including his critics Walt Whitman James Gordon Bennett and Horace Greeley and his admirers Henry Clay Stephen Douglas and Abraham Lincoln Loughery peels back the layers of the public life of this complicated man showing how he reveled in the controversies he provoked and believed he had lived to see many of his goals achieved until his dreams came

crashing down during the Draft Riots of 1863 when violence set Manhattan ablaze To know Dagger John Hughes is to understand the United States during a painful period of growth as the nation headed toward civil war Dagger John's successes and failures his public relationships and private trials and his legacy in the Irish Catholic community and beyond provide context and layers of detail for the larger history of a modern culture unfolding in his wake [American Religious History](#) Gary Scott Smith,2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion's interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three *Our Common Dwelling* Lance Newman,2005-05-12

OurCommonDwelling explores why America's first literary circle turned to nature in the 1830s and 40s When the New England Transcendentalists spiritualized nature they were reacting to intense class conflict in the region's industrializing cities Their goal was to find a secular foundation for their social authority as an intellectual elite New England Transcendentalism engages with works by William Wordsworth Henry David Thoreau Ralph Waldo Emerson Margaret Fuller Nathaniel Hawthorne and others The works of these great authors interpreted in historical context show that both environmental exploitation and conscious love of nature co evolved as part of the historical development of American capitalism **Dictionary of Literary Biography, Vol. 73** Sam G. Riley,1988 **Routledge Library Editions: 19th Century Religion** Various Authors,2021-07-09 Reissuing works originally published between 1973 and 1997 Routledge Library Editions 19th Century Religion 18 volumes offers a selection of scholarship covering historical developments in religious thinking Topics include the origin of Catholicism in America sexual liberation and religion in Europe and the emergence of Atheism in Victorian England This set also includes collections of sermons and essays from some of the most influential preachers of the nineteenth century **The Encyclopedia of American Catholic History** Michael Glazier,Thomas J. Shelley,1997 The encyclopedia lists essential data on all Catholic colleges and universities and on all

religious institutions of men and women but it was not feasible to have a separate entry on each Therefore a representative selection was made and articles were written on some of the larger and smaller colleges and universities and the same procedure was adopted with the religious orders and congregations Unfortunately space did not permit the inclusion of every important person or event in American Catholic history Introduction Biographical Books, 1950-1980 R.R. Bowker Company. Department of Bibliography,1980 A Guide to American Catholic History John Tracy Ellis,Robert Frederick Trisco,1982 Religious Periodicals of the United States Charles H. Lippy,1986-06-06 Product information not available

Catholic Intellectual Life in America Margaret Mary Reher,1989 Recent Catholic Philosophy Alan Roy Vincelette,2009 Catholic thinkers contributed extensively to philosophy during the Nineteenth Century Besides pioneering the revivals of Augustinianism and Thomism they also helped to initiate such philosophical movements as Romanticism Traditionalism Semi Rationalism Spiritualism Ontologism and Integralism Unfortunately the exceptional diversity and profoundness of this epoch in Catholic thought has all too often been underappreciated This book consequently traces the work of sixteen leading Catholic philosophers of the Nineteenth Century so as to make evident their seminal offerings to philosophy namely Bautain Blondel Ronald Brownson Chateaubriand Gratry Gunther Hermes Kleutgen Lequier Mercier Newman Olle Laprune Schlegel Ravaission Mollien and Rosmini Serbati **Proceedings of the American Catholic Philosophical Association** ,1976 Includes a list of members American Prose and Criticism, 1820-1900 Elinore Hughes Partridge,1983 **The World's Best Essays, from the Earliest Period to the Present Time** David Josiah Brewer,Edward Archibald Allen,William Schuyler,1900 Fitzpatrick's Boston, 1846-1866 Thomas H. O'Connor,1984 Examination of Boston s social and political history in the period as seen through the life and career of one man Inside back cover of book jacket **History of Philosophy** William Turner,1903 The purpose of the writer in compiling this text book has been so to set forth the succession of schools and systems of philosophy as to accord to Scholasticism a presentation in some degree adequate to its importance in the history of speculative thought Preface PsycINFO Database Record c 2010 APA all rights reserved
