**The Digital Doctor: Hope, Hype, and Harm at the Dawn of Medicine's Computer Age** Robert Wachter,2015-04-10 The New York Times Science Bestseller from Robert Wachter Modern Healthcare s 1 Most Influential Physician Executive in the US While modern medicine produces miracles it also delivers care that is too often unsafe unreliable unsatisfying and impossibly expensive For the past few decades technology has been touted as the cure for all of healthcare s ills But medicine stubbornly resisted computerization until now Over the past five years thanks largely to billions of dollars in federal incentives healthcare has finally gone digital Yet once clinicians started using computers to actually deliver care it dawned on them that something was deeply wrong Why were doctors no longer making eye contact with their patients How could one of America s leading hospitals give a teenager a 39 fold overdose of a common antibiotic despite a state of the art computerized prescribing system How could a recruiting ad for physicians tout the absence of an electronic medical record as a major selling point Logically enough we ve pinned the problems on clunky software flawed implementations absurd regulations and bad karma It was all of those things but it was also something far more complicated And far more interesting Written with a rare combination of compelling stories and hard hitting analysis by one of the nation s most thoughtful physicians The Digital Doctor examines healthcare at the dawn of its computer age It tackles the hard questions from how technology is changing care at the bedside to whether government intervention has been useful or destructive And it does so with clarity insight humor and compassion Ultimately it is a hopeful story We need to recognize that computers in healthcare don t simply replace my doctor s scrawl with Helvetica 12 writes the author Dr Robert Wachter Instead they transform the work the people who do it and their relationships with each other and with patients Sure we should have thought of this sooner But it s not too late to get it right This riveting book offers the prescription for getting it right making it essential reading for everyone patient and provider alike who cares about our healthcare system

interventions which include establishing a record label for research purposes intercepting network traffic with packet sniffers and web scraping corporate materials The authors innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use the company later threatened their research funding Thus the book itself became an intervention into the ethics and legal frameworks of corporate behavior      *The Ultimate Digital Music Guide* Michael Miller,2012-06-24 Everything You Need to Know about Digital Music Your hard core up to the minute how to guide Download rip store organize play stream anything anywhere Seriously into digital music Best selling how to author serious audiophile and eclectic music lover Michael Miller will help you get all the digital tunes you want whenever and wherever you want them Miller guides you through today s best new options from iTunes to Spotify helps you make the most of social music Internet radio and cloud music services even shows how to transform your home into a digital music paradise This book is packed with practical answers easy step by step instructions insider tips great ideas and new music sources you never knew existed For everyone who s passionate about music Discover brand new digital music services sites and devices that fit your lifestyle Find great new music on iTunes Amazon and sites you ve never heard of Get the truth about piracy file sharing and copyright Find huge amounts of legally free music Rip store and organize Build your perfect music library Determine the best audio file format and compression rate for your collection Create simply amazing playlists Stream songs anywhere with Spotify Pandora Internet radio and the cloud Get great sound from your iPod or iPhone on your home audio system Build a whole house digital audio system the easy way Choose your best next media player Apple or otherwise Find and share tunes on Facebook Twitter Google and beyond      **The Ultimate Digital Music Guide** Michael Miller,2012 Everything You Need to Know about Digital Music Your hard core up to the minute how to guide Download rip store organize play stream anything anywhere Seriously into digital music Best selling how to author serious audiophile and eclectic music lover Michael Miller will help you get all the digital tunes you want whenever and wherever you want them Miller guides you through today s best new options from iTunes to Spotify helps you make the most of social music Internet radio and cloud music services even shows how to transform your home into a digital music paradise This book is packed with practical answers easy step by step instructions insider tips great ideas and new music sources you never knew existed For everyone who s passionate about music Discover brand new digital music services sites and devices that fit your lifestyle Find great new music on iTunes Amazon and sites you ve never heard of Get the truth about piracy file sharing and copyright Find huge amounts of legally free music Rip store and organize Build your perfect music library Determine the best audio file format and compression rate for your collection Create simply amazing playlists Stream songs anywhere with Spotify Pandora Internet radio and the cloud Get great sound from your iPod or iPhone on your home audio system Build a whole house digital audio system the easy way Choose your best next media player Apple or otherwise Find and share tunes on Facebook Twitter Google and beyond
