Ordinary Way A Family Spirituality:

The Ordinary Way Dolores R. Leckey, 1982 *Combing the Tradition* Fred Herron, 2007 This is a sketchbook of the twin realities of Catholic faith and Catholic schools A theological vision of the Catholic religious imagination provides the framework for viewing these realities from different angles Taking Pope Benedict XVI's remark that truth is in the Whole this book looks at Catholic faith and education from the rich perspective of the sacramental or Catholic imagination Historian John Tracy Ellis's conviction that this age will be known as the era of baptismal consciousness reflects a growing awareness in the entire Christian community that it must take its responsibilities in evangelization seriously *Combing the Tradition* is an attempt to comb the Catholic tradition from the point of view of this re-emerging baptismal consciousness It marvels at the role that Catholic schools teachers parents and students play in recreating this great truth It finds God's loving hand at work in the lives of citizens seeking meaning at Ground Zero in the re-emerging theology of the domestic church and in understanding the task of Catholic education It raises questions concerning the impact of consumer society on the lives of our young people and finds hope in schools which continue to shape the religious imaginations of the next generation of a community of disciples *Marriage in Our Time* Anita Dowsing, 2000-10-01 In the contemporary world where Christians are a minority in their populations mixed marriages have become an increasing and increasingly important phenomenon There are many books written on married and family life for Catholics married to Catholics But for Catholics married to Christians of other churches For Catholics married to members of other faiths For Catholics married to partners of no religious faith Anita Dowsing writes with great perception of the rewards as well as the difficulties and challenges that such a marriage can bring of how mutual love between partners and mutual respect for each other's position can deepen not only the marriage itself but the Catholic partner's own faith This book will bring new hope and insight to many in the same or a similar situation to marriage counsellors and to pastoral clergy **Seven Days of Faith, 2d Edition** R. Paul Stevens, 2021-10-07 These days people talk about their schedules filling up 24/7 twenty four hours a day seven days a week We wear busyness like a merit badge as if the more we do the better we become But R. Paul Stevens says this is not biblical Nor is it helpful For Christians life isn't about checking off to do lists It's about connecting with God and infiltrating thoughtful biblical faith into our everyday lives Sometimes that means activity but sometimes not Everyday spirituality the subject of the book embraces purposeful times of work relationships and rest centered on God instead of personal or cultural expectations But how can you do it It's not easy exiting the fast track to practice a slowed down yet down to earth holiness Stevens understands this and offers practical insights to developing a subversive spirituality a meaningful faith that seeps into your work family sexuality friendships outreach aloneness and leisure and fills you with joy But most importantly it motivates you to lovingly abide with God seven days a week Matthew the Poor an Eastern monk in Egypt once said that life is but one single way that leads to the kingdom of God *Dictionary of Christian Spirituality* Zondervan, 2016-11-22 In recent decades Christian spirituality

spiritual formation and spiritual theology have become important concepts in the global evangelical community. Consequently, an accessible and reliable academic resource is needed on these topics, one that will offer a discerning orientation to the wealth of ecumenical resources available while still highlighting the distinct heritage and affirming the core grace-centered values of classic evangelical spirituality. The Dictionary of Christian Spirituality reflects an overarching interpretive framework for evangelical spiritual formation: a holistic and grace-filled spirituality that encompasses relational, connecting, transformational, becoming, and vocational dynamics. At the same time, contributors respectfully acknowledge the differences between Reformed Holiness and Pentecostal paradigms of the spiritual life. And by bringing together writers from around the world who share a common orthodoxy, this reference work is truly global and international in both its topical scope and contributors. Entries give appropriate attention to concepts, concerns, and formative figures in the evangelical tradition of spirituality that other reference work neglects. They offer a discerning orientation to the wealth of ecumenical resources available, exploring the similarities and differences between Christianity and alternate spiritualities without lapsing into relativism. The Dictionary of Christian Spirituality is a resource that covers a wide range of topics relating to Christian spirituality and is biblically engaged, accessible, and relevant for all contemporary Christians.

Urban Ecclesiology Pascal D. Bazzell, 2015-05-21

Pascal D Bazzell brings the marginal ecclesiology of a Filipino ecclesial community facing homelessness FECH into contemporary ecclesiological conversation in order to deepen the ecumenical understanding of today's ecclesial reality. He contributes relevant data to support a theory of an ecclesial-oriented paradigm that fosters ecclesial communities within homeless populations. There is an extensive dialogue occurring between ecclesiologies, church planting theories, or urban missions and the urban poor. Yet the situation with the homeless population is almost entirely overlooked. The majority of urban mission textbooks do not acknowledge an ecclesial-oriented state of being and suggest that the street-level environment is a place where no discipleship can occur and no church should exist. By presenting the FECH's case study, Bazzell emphasizes that it is possible to live on the streets and to grow in the faith of God as an ecclesial community. To be able to describe the FECH's ecclesial narrative, Bazzell develops a local ecclesiological methodology that aims to bridge the gap between more traditional systematic and theoretical ideal ecclesiology and practical-oriented ecclesiology, e.g., congregational studies in order to hold together theological and social understandings of the church in its local reality. He articulates a theological framework for the FECH to reflect on who they are, the essence of identity studies, who they are in relationship to God, the essence of theological studies, and what that means for believers in that community as they relate to

God and to each other in ways that are true to who they are and to who God intends them to be the essence of ecclesial studies The research provides a seldom heard empirical tour into the FECH s social world and communal identity The theological findings from the FECH s hermeneutical work on the Gospel of Mark reveal an understanding of church being developed as gathering around Jesus that creates a space for God s presence to be embodied in their ordinary relationships and activities and to invite others to participate in that gathering Moreover it addresses ecclesial issues of the supernatural world honor shame values and further develop the neglected image of the familia Dei in classical ecclesiology that encapsulates well the FECH s nature mission and place
