sociological concepts including global and local individualization and ways of doing boy girl The study leads us towards a better understanding of contemporary social problems by locating these young people s accounts within the broader context of cultural change where collective identities have become weaker where the local is enmeshed with the global where children anticipate a predictable future and teenagers focus on an extended present where gender is no longer salient but yet in many ways remains a submerged framework mapping their life styles life choices and relationships Written in an accessible style the book presents a picture that is sometimes challenging sometimes reassuring but always informative Containing extensive quotations it will be of interest not only to students and lecturers in sociology education child and youth studies Irish studies and psychology but to thoughtful parents and teachers at first and second level and especially those whose students took part in the Write Hear Write Now project
