Managing Staff Sickness Absence:

The management of staff sickness absence in the Department for Transport and its agencies Great Britain: National Audit Office, 2007-06-08 Ministers have challenged all Departments to reduce their 2004 sickness rates by 30% by 2010 This report looks at the sickness levels in the Department of Transport and its seven executive agencies which average 10.4 days sickness for each full time employee compared to a Civil Service average of 9.8 days However the performance is varied The central Department and four agencies have sickness levels at or below comparable organisations but three agencies have higher levels and the Driving Standards Agency and the Driver and Vehicle Licensing Agency have absence rates of 13.1 and 14 days respectively If there is going to be a significant change there needs to be action at the corporate and individual business level Corporately there needs to be targets for each part of the Department tailored to circumstances quality standards for recording sickness with the provision of management information a consistent framework for evaluating initiatives and sharing good practice At a business level more could be done to ensure that line managers were aware of their responsibilities and improve intervention in long term cases

The Management of Staff Sickness Absence in the National Probation Service Great Britain: National Audit Office, Sir John Bourn, 2006-04-26 This NAO report examines sick leave in the National Probation Service which was running at 12.3 days per person in the 2004/05 period at a cost of 31.6 million A number of recommendations have been set out as follows That the National Probation Directorate should agree with the Chief Probation Officer a consistent minimum standard for collecting and reporting sickness absence data in their areas This in turn could be used to produce comparative analyses and offer a basis to diagnose the causes of sickness absence An upgrade in some areas of their information technology systems should occur so that better management information can be compiled All probation areas should implement the mandatory elements of the national policy on sickness absence All Chief Officers should review their action plans for reducing sickness absence Sickness absence should be managed effectively but sympathetically by including return to work interviews along with a means of distinguishing between avoidable and unavoidable sickness absences and addressing the culture of absenteeism Long term sickness absence should be reviewed as a matter of urgency Policies relating to work life balance should be implemented nationally
