Funding Fathers Nicole Hoplin,Ron Robinson,2008-09-09

Money changes everything especially in politics Politicians think tanks and political parties would not be where they are without monetary gifts Yet when it comes to celebrating donors the media often praise liberals for their selfless giving and criticize conservatives for their selfish hoarding But Ron Robinson and Nicole Hoplin leaders of Young America s Foundation set the record straight in Funding Fathers The Unsung Heroes of the Conservative Movement Part historical account of the conservative movement and part expos about political philanthropy Funding Fathers busts the myth that conservatives donate less money than democrats and exposes how the media liberal organizations and even conservatives perpetuate this lie In Funding Fathers Robinson and Hoplin reveal How conservative donors have had as much influence on the conservative movement as people like Ronald Reagan and William F Buckley Jr Why anonymous donations can do more harm than good to the conservative movement How donations benefiting conservative ideas are often misappropriated at universities across the U S How conservative politicians and organizations use donations more efficiently than liberals Money matters But it is not the size of the donation that counts it is the impact it makes Funding Fathers shows how the unsung heroes of the conservative movement have not only influenced the past but also how they continue to shape the future

James Harrington, Frank Voehl, 2023-12-22 The objective of the ISO 56002 standard is to provide a framework on how to build an innovation ecosystem that can be sustained over time. Similar to the quality management system that ISO established decades ago this standard provides instructions related to best practices on how to establish an Innovative Management System within an organization. However it does not provide guidance on how to implement and or use the standard. The ISO Standard 56004 Innovation Management Assessment was designed to define the maturity level of an organization's Innovation Management System. The primary purpose of most Innovative Management Systems is to process a continuous flow of new and highly creative outputs that will meet external customers needs and expectations. The users of ISO 56002 and 56004 know that they are what to do documents. This book however shows you how to do it. Both ISO Standard 56002 and 56004 are focused on improving the organization's innovative management system. This book focuses on how to train employees on how to use the system to add value to the organization's stakeholders. There are no books out on the subject this book greatly assists managers business leaders entrepreneurs and consultants seeking help in using the innovation management system effectively and efficiently. Essentially this book presents an effective marriage between the innovative management system and how it will operate when it becomes part of the operating procedures. Books in Print ,1991
