## **Manifest Design Anxious Aggrandizement:**

**Manifest Design** Thomas R. Hietala,1985      **Democracy Betrayed** Nelson L. Dawson,2020-05-01 Hing Hing Ming reviews some of the major episodes of the Han Dynasty from its founding by Liu Bang to the L Clan Disturbance and subsequent diplomatic overtures and military campaigns against the minor Chinese kingdoms the Mongols and Gojoseon the ancient Korean Kingdom

**Dissenting Voices in America's Rise to Power** David Mayers,2007-02-15 This book offers a major rereading of US foreign policy from Thomas Jefferson's purchase of Louisiana expanse to the Korean War This period of one hundred and fifty years saw the expansion of the United States from fragile republic to transcontinental giant David Mayers explores the dissenting voices which accompanied this dramatic ascent focusing on dissenters within the political and military establishment and on the recurrent patterns of dissent that have transcended particular policies and crises The most stubborn of these sprang from anxiety over the material and political costs of empire while other strands of dissent have been rooted in ideas of exigent justice realpolitik and moral duties existing beyond borders Such dissent is evident again in the contemporary world when the US occupies the position of preeminent global power Professor Mayers's study reminds us that America's path to power was not as straightforward as it might now seem

**The Louisiana Purchase and American Expansion, 1803-1898** Sanford Levinson,Bartholomew Sparrow,2005-11-28 In this long overdue collection Sanford Levinson and Bartholomew Sparrow bring together noted scholars in American history constitutional law and political science to examine the role that the Louisiana Purchase played in shaping both the expansionist policies of the 19th century and critical interpretations of the Constitution As the nation continued to expand westward and into the Pacific and Caribbean critical social political and constitutional questions would arise that would greatly test American resolve and the principles on which it was based

**A Companion to U.S. Foreign Relations** Christopher R. W. Dietrich,2020-03-04 Covers the entire range of the history of US foreign relations from the colonial period to the beginning of the 21st century A Companion to US Foreign Relations is an authoritative guide to past and present scholarship on the history of American diplomacy and foreign relations from its seventeenth century origins to the modern day This two volume reference work presents a collection of historiographical essays by prominent scholars The essays explore three centuries of America's global interactions and the ways US foreign policies have been analyzed and interpreted over time Scholars offer fresh perspectives on the history of US foreign relations analyze the causes influences and consequences of major foreign policy decisions and address contemporary debates surrounding the practice of American power The Companion covers a wide variety of methodologies integrating political military economic social and cultural history to explore the ideas and events that shaped US diplomacy and foreign relations and continue to influence national identity The essays discuss topics such as the links between US foreign relations and the study of ideology race gender and religion Native American history expansion and imperialism industrialization and modernization domestic and international politics and the United States role in

decolonization globalization and the Cold War A comprehensive approach to understanding the history influences and drivers of U S foreign relation this indispensable resource Examines significant foreign policy events and their subsequent interpretations Places key figures and policies in their historical national and international contexts Provides background on recent and current debates in U S foreign policy Explores the historiography and primary sources for each topic Covers the development of diverse themes and methodologies in histories of U S foreign policy Offering scholars teachers and students unmatched chronological breadth and analytical depth A Companion to U S Foreign Relations Colonial Era to the Present is an important contribution to scholarship on the history of America s interactions with the world

### **The Insular Cases and**

### **the Emergence of American Empire**

Bartholomew H. Sparrow,2006 Focuses on America s first attempts at empire building through a string of U S Supreme Court decisions in the early part of the 20th century that tried to define the legal and constitutional status of America s island territories Puerto Rico Cuba and the Philippines among others and reveals how the Court provided the rationalization for the establishment of an American empire

### **The Presidency of James K. Polk**

Paul H. Bergeron,1987 James K Polk was one of the strongest and most active presidents ever to occupy the office In the nineteenth century only Jefferson Jackson and Lincoln matched his overall leadership and domination of national government Bergeron s crisp insightful narrative shows how and why Polk achieved such stature and yet failed to attract the kind of popular support or retrospective recognition granted other presidential luminaries A native of North Carolina Polk prepared for the presidency by honing his leadership skills as a seven term congressman speaker of the house and governor of Tennessee Bergeron s summary and analysis of those years shed light on the foundations of the presidency that followed He provides fresh new perspectives on Polk s relationship with his cabinet his skirmishes with Congress over domestic economic legislation and the curse of presidential patronage But perhaps the most fascinating portions of this study are devoted to Polk s role as the western expansionist By the end of his term the United States had acquired enormous territories in the Southwest and far West Bergeron demonstrates that Polk adroitly used both war and diplomacy to acquire and protect these lands When the annexation of Texas led to the outbreak of war with Mexico Polk was forced to become commander in chief of the American forces In contrast the potentially explosive dispute with Great Britain over Oregon s borders was settled through purely diplomatic means Norman A Graebner in America s Top Ten Presidents declares Polk s achievements in diplomacy were among the most remarkable in American history Drawing upon a careful review of the extensive literature on our eleventh president as well as Polk s personal diary Bergeron has written a significant and balanced reassessment of the Polk presidency In the process he has also created a revealing portrait of a complex man who led the nation with imperial determination tempered with compassion generosity and even humor

### **Warmaking and American Democracy**

Michael David Pearlman,1999 While war is most effectively waged as a united effort the United States has consistently waged military conflict without firm central direction Throughout our history observes Michael Pearlman the waging of war has

been subject to continuous bargaining and compromise among competing governments and military factions What passes for strategy emerged from this process **The State and the Stork** Derek S. Hoff, 2012-09-24 From the colonial era to the present the ever shifting debate about America's prodigious population growth has exerted a profound influence on the evolution of politics public policy and economic thinking in the United States In a remarkable shift since the late 1960s Americans of all political stripes have come to celebrate the economic virtues of population growth As one of the only wealthy countries experiencing significant population growth in the twenty first century the United States now finds itself at a demographic crossroads but policymakers seem unwilling or unable to address the myriad economic and environmental questions surrounding this growth From the founders fears that crowded cities would produce corruption luxury and vice to the zero population growth movement of the late 1960s to today's widespread fears of an aging crisis as the Baby Boomers retire the American population debate has always concerned much more than racial composition or resource exhaustion the aspects of the debate usually emphasized by historians In *The State and the Stork* Derek Hoff draws on his extraordinary knowledge of the intersections between population and economic debates throughout American history to explain the many surprising ways that population anxieties have provoked unexpected policies and political developments including the recent conservative revival At once a fascinating history and a revelatory look at the deep origins of a crucial national conversation *The State and the Stork* could not be timelier

**Doniphan's Epic March** Joseph G. Dawson, 1999 In 1846-1847 a ragtag army of 800 American volunteers marched 3,500 miles across deserts and mountains through Indian territory and into Mexico There they handed the Mexican army one of its most demoralizing defeats and helped the United States win its first foreign war Their leader Colonel Alexander Doniphan also a volunteer was a natural soldier of towering stature who became a national hero in the wake of his wartime exploits Doniphan was a small town Missouri lawyer untrained in military matters when he answered President Polk's call for volunteers in the war with Mexico Working from a host of primary sources Joseph Dawson focuses on Doniphan's extraordinary leadership and chronicles how the colonel and his 1st Missouri Mounted Regiment helped capture New Mexico and went on to invade Chihuahua Contending with wildfires sandstorms poor provisions and the threat of attack from Apaches they eventually came face to face with the formidable cannon and cavalry of a much larger Mexican force Yet at the Battle of Sacramento these hardy volunteers outflanked General Jose Heredia's army and claimed a stunning American victory on foreign soil Dawson explores and analyzes the many facets of Doniphan's exploits from the decision to proceed to Chihuahua in the wake of the Taos Revolt to the tactics that shaped his victory at Sacramento describing that battle in heart stopping detail He tells how Doniphan's legal expertise enabled him to supervise America's first military government administering a conquered land at Santa Fe and highlights Doniphan's remarkable cooperation with U.S. Army officers at a time when antagonism typified relationships between volunteers and regulars He also introduces readers to other key personalities of the campaign from fellow officers Stephen W. Kearny and Meriwether L.

Clark to James Kiker the controversial scout whom Doniphan reluctantly trusted Dawson s thorough account captures the expansionist mood of America in the mid nineteenth century and helps us understand how American soldiers were motivated by the idea of Manifest Destiny His portrait of Doniphan and his troops reinforces the importance of the citizen soldier in American history and provides a new window on the war that changed forever the hopes and dreams of our border nations

James K. Polk and the Expansionist Impulse Sam Walter Haynes,2002 This biography of the 11th president explores the expansion of the United States during his administration and the policy known as Manifest Destiny Presidarias Y Pobladoras Antonia I. Castañeda,1990 The Jacksonian Era Robert V. Remini,1997 Offers a look at the social cultural and political climate of the era including discussion of various reform artistic and religious movements The

**Counterrevolution of Slavery** Manisha Sinha,2000 Counterrevolution of Slavery Politics and Ideology in Antebellum South Carolina U.C. Davis Law Review University of California, Davis. School of Law,2012 Nation on the Move Cornelis A. van Minnen,Sylvia L. Hilton,2002 Nation on the Move Mobility in US History The U.S.-Mexican War Carol

Christensen,Thomas Christensen,1998 Discusses the issues including the concept of manifest destiny that led to war between the US and Mexico in 1846 the events of the war and the impact of its outcome The Anarchy of Empire in the Making of U.S. Culture Amy Kaplan,2002 The US has always imagined that its identity as a nation is insulated from violent interventions abroad as if a line between domestic and foreign affairs could be neatly drawn This text argues that such a distinction has been illusory at least since the war with Mexico in the mid 19th century Encyclopedia of Latin American History and Culture Barbara A. Tenenbaum,1996 Strives to organize knowledge of the region It contains nearly 5 300 separate articles

Most topics appear in English alphabetical order **The Problem of Evil** Steven Mintz,John Stauffer,2007 A collective effort to present a new kind of moral history this volume seeks to show how the study of the past can illuminate profound ethical and philosophical issues More specifically the contributors address a variety of questions raised by the history of American slavery How did freedom personal civic and political become one of the most cherished values in the Western world How has the language of slavery been applied to other instances of exploitation and depersonalization To what extent is America s high homicide rate a legacy of slavery Did the abolitionist movement s tendency to view slavery as a product of sin rather than as a structural and economic problem accelerate or impede emancipation Divided into four parts with introductions to each section by editors Steven Mintz and John Stauffer the essays provide succinct guides to the evolution of American slavery the origins of antislavery thought the challenges of emancipation and the post emancipation legacy of slavery They also offer fresh perspectives on key individuals from Benjamin Franklin and Frederick Douglass to Harriet Jacobs and John Brown and shed new light on the differences between female and male critiques of slavery the defense of slavery by the South s intellectual elite and Catholic attitudes toward slavery and abolition Above all The Problem of Evil helps us understand the circumstances that allow social evils to happen how intelligent and ostensibly moral people can

participate in the most horrendous crimes and how at certain historical moments some individuals are able to rise above their circumstances address evil in fundamental ways and expand our moral consciousness
