Brian McAllister Linn, 2000 Brian Linn provides a treatment of military operations in the Philippines From the pitched battles of the early war to the final campaigns against guerrillas Linn traces the entire course of the conflict More than an overview of Filipino resistance and American pacification this is a detailed study of the fighting in the boondocks In addition to presenting a military history of the war Linn challenges previous interpretations Rather than being a clash of armies of societies the war was a series of regional struggles that differed greatly from island to island By shifting away from the narrow focus on one or two provinces to encompass the entire archipelago Linn offers a more thorough understanding of the entire war BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Official**
