Manning Clark:

History of Australia Manning Clark, 1993 In 1962 the first volume of Manning Clark's *A History of Australia* appeared. For the next two and a half decades Clark unfolded his tragic celebration of white Australian history. Today the six volume history is one of the masterpieces of Australian literature. It is also one of the most passionately debated visions of Australian history. Clark's Australians are men and women of lively goodwill and deep sinfulness of generous idealism and unthinking brutality. He dramatizes the motivating forces of Australian life: cowardice and vision, cruelty and defiance, greatness of spirit and the spiritual vacuity of the suburbs, all of them locked in the unceasing struggle which builds a nation. Michael Cathcart has re-orchestrated Clark's epic narrative in this single volume. Every page of this abridgement rings with Manning Clark's voice. Here at last the general reader can encounter the deep resonances, pessimism and passion of Manning Clark. Australian historian and prophet Michael Cathcart is co-author of *Mission to the South Seas: the Voyage of the Duff* and author of *Defending the National Tuckshop: a study of conservative responses to the Great Depression*. [A Short History of Manning Clark](#) Stephen Holt, 1999 A lively up to the minute account of a controversial Australian. [The Best of Manning Clark](#) Manning Clark, 1991-10-01 [Eye for Eternity](#) Mark McKenna, 2020-11-03 Manning Clark was a complex, demanding and brilliant man. Mark McKenna's compelling biography of this giant of Australia's cultural landscape is informed by his reading of Clark's extensive private letters, journals and diaries, many that have never been read before. *An Eye for Eternity* paints a sweeping portrait of the man who gave Australians the signature account of their own history. It tells of his friendships with Patrick White and Sidney Nolan. It details an urgent and dynamic marriage, ripped apart at times by Clark's constant need for extramarital romantic love. A son who wrote letters to his dead parents. A historian who placed narrative ahead of facts. A doubter who flirted with Catholicism. A controversial public figure who marked slights and criticisms with deeply held grudges. To understand Clark's life is to understand twentieth century Australia. And it raises fundamental questions about the craft of biography: When are letters too personal, comments too hurtful and insights too private to publish? Clark incessantly documented his life, leaving notes to the biographers he knew would pursue his story. He had a deep need to be remembered, and this book means he will now be understood in an unforgettable way. *Manning Clark*, 1986

Historian's Life Fay Anderson, 2017-04-28 Max Crawford was one of Australia's pre-eminent historians. As both a participant in and observer of many decisive episodes of the era—Europe in the midst of the Depression, America and Russia at the height of World War II, post-war reconstruction and the Cold War in Australia—Crawford was regarded as a radical and outspoken defender of intellectual autonomy. This biography considers Crawford as an historian and a public intellectual. It relates his experiences as a student at Sydney and Oxford, a struggling teacher during the Depression, as the head of the History School at the University of Melbourne, a diplomat in wartime Russia, and a Cold War victim and accuser. The study of Crawford's life provides insight into one man's experience in the midst of political turmoil and the limits of intellectual

autonomy on Australian campuses as well as the suspicion of liberal intellectuals in Australian public life the repression of academic radicals and ASIO's attempts to stifle dissident voices Spanning his life 1906-1991 Crawford's political and intellectual journey suggests the changing nature of Australian progressive liberalism and the precarious state of academic freedom *Biography: An Historiography* Melanie Nolan, 2023-04-03 *Biography: An Historiography* examines how Western historians have used biography from the nineteenth century to the present considering the problems and challenges that historians have faced in their biographical practice systematically This volume analyses the strategies and methods that historians have used in response to seven major issues identified over time to do with evidence including but not limited to the problem of causation the problem of fact and fiction the problem of other minds the problem of significance or representativeness the problems of perspective both macro and micro and the problem of subjectivity and relative truth This volume will be essential for both postgraduates and historians studying biography Manning Clark Brian Matthews, 2010-03-01 More than a decade in the writing this is the authorised biography of Australia's most controversial historian now available in paperback Manning Clark On Gallipoli Manning Clark, 2016-03-22 Manning Clark's *History of Australia* has been nominated as the most influential work of non-fiction Australia has produced As Donald Horne wrote Clark looked for great human issues and presented them as moral dramas In this extract from Volume 5 the tragedy of Gallipoli is played out against the broader Australian experience of World War I as the nation still in its infancy struggled to make sense of the terrible conflict in Europe and its costs Manning Clark On Gallipoli is the first title in the MUP Masterworks series which celebrates distinguished Australian writers and ideas This title's release coincides with the ninetieth anniversary commemorations of the landing at Gallipoli **Manning Clark** Carl Bridge, 2015-03-19 Manning Clark's work provokes violent reactions for and against His majestic six-volume *A History of Australia* helped us to know who we are Yet attacks on Clark stretch back fifty years and Peter Ryan accused him recently of writing gooey subjective pap much of it false These essays offer detailed scholarly analysis of the *History* its style and structure its dominant themes its treatment of women and Aborigines its sense of place its reliability They examine Clark's place among Australian historians artists and writers his public role as the best guru in the business his teaching methods his philosophy of life and his thinking on national identity How should we judge Manning Clark's contribution What is his place in Australian history This book seeks to inform opinion and to steady the debate Its contributors include historians political scientists literary critics classicists men and women young and old friends and enemies *Paradise Past* Robert W.
